**PARVIS**, *Administrative Patent Judge*.

**PETITIONER'S NOTICE OF APPEAL**

Pursuant to 35 U.S.C. § 142 and in accordance with 37 C.F.R. § 90.2, Petitioner hereby provides notice that it appeals to the United States Court of Appeals for the Federal Circuit from the Final Written Decision of the Patent Trial and Appeal Board (the “Board”) entered on October 19, 2017 (Paper 50), and from all underlying orders, decisions, rulings, and opinions regarding U.S. Patent No. 7,061,488 entered in the above-captioned proceedings before the Board.

For the limited purpose of providing the Director of the United States Patent and Trademark Office with the information requested under 37 C.F.R. § 90.2(a)(3)(ii), Petitioner submits that the appeal will address all aspects of the Board’s decision concluding that Petitioner has not demonstrated, by a preponderance of the evidence, that claims 1-20 and 27-62 of U.S. Patent No. 7,061,488 are unpatentable.

In particular, but without limitation, this appeal will address issues including the proper construction of claim terms, the application of the proper construction to the cited prior art (Segal, McReynolds, and Foley), the proper interpretation of the cited prior art, including but not limited to, whether it must explicitly contain certain teachings, the level of ordinary skill in the art, including but not limited to, the background knowledge that a skilled artisan possesses in evaluating the relevant prior art, the proper application of the legal doctrine of obviousness, as

announced by *KSR Int'l Co. v. Teleflex, Inc.*, 550 U.S. 398 (2007), and the weight given to the evidence of record, including expert testimony. Petitioner further reserves the right to challenge any finding or determination supporting or relating to the issues listed above and to challenge any other issues decided against Petitioner in any order, decision, ruling, or opinion by the Board in the above-captioned proceedings.

Pursuant to 35 U.S.C. § 142 and 37 C.F.R. §§ 90.2(a) and 90.3(a), this Notice is being timely filed with the Director of the United States Patent and Trademark Office within 63 days of the Board's Final Written Decision, and a copy of this Notice is being concurrently filed with the Patent Trial and Appeal Board. In addition, a copy of this Notice is being filed with the Clerk of the United States Court of Appeals for the Federal Circuit, along with an electronic copy of the Notice and the required docketing fee of \$500, which are being served electronically on the Court by CM/ECF and pay.gov.
