No. 13-cv-2198

COMPLAINT

JURY DEMAND

29 In and for its Complaint, Plaintiff Clingo.com LLC (“Clingo”) alleges as follows:
30

31 **I. NATURE OF THE CASE**

32 1. This action arises from Tekno Products Inc.’s (“Tekno”) infringement of
33 Clingo.com LLC’s design patent, U.S. Design Patent No. 654,493, in violation of the United
34 States patent laws, 35 U.S.C. § 101 et seq.; and Tekno’s acts of unfair competition in violation of
35 35 U.S.C. § 1125(a), including Tekno’s intentional copying and use in commerce of Clingo’s
36 protected GripGo trade dress.

II. PARTIES

2. Plaintiff Clingo.com LLC is a limited liability corporation organized under the laws of the State of Washington with a principal place of business at 5711 Barrett Road, Ferndale, WA 98248.

3. On information and belief, Defendant Tekno Products, Inc. is a corporation organized under the laws of the State of New Jersey with a principal place of business at 407 Harmon Cove Tower, No. 1, Secaucus, NJ, 07094, and with a registered agent for service of process of Narain Kurani, 407 Harmon Cove Tower, No. 1, Secaucus, NJ 07094.

III. JURISDICTION AND VENUE

4. This Court has subject-matter jurisdiction over Clingo's claims pursuant to 28 U.S.C. § 1121 (action arising under the Lanham Act); 28 U.S.C. § 1331 (federal question); and 28 U.S.C. § 1338(a) (any Act of Congress relating to patents or trademarks).

5. This Court has personal jurisdiction over Tekno because Tekno has committed and continues to commit acts of infringement in violation of 35 U.S.C. § 271 and 15 U.S.C. § 1125, and places infringing products into the stream of commerce, with the knowledge or understanding that such products are sold and/or distributed in the State of Washington, including in this District. The acts by Tekno cause injury to Clingo, including in this District. Upon information and belief, Tekno derives substantial revenue from the sale of infringing products within this District, expects its actions to have consequences within this District, and derives substantial revenue from interstate commerce.

6. Venue is proper within this District under 28 U.S.C. §§ 1391(b), (c), 1400(a), (b) because Tekno transacts business within this District and distributes, sells, and offers for sale in this District products that infringe Clingo's design patent and trade dress, as described below.

IV. BACKGROUND

7. Clingo is a company that set out to revolutionize mounting devices for smart phones. As part of its efforts, Clingo developed an elegant and novel design for a smart phone car mounting device. That design can be seen in paragraph 11 below, and is sold and advertised in the United States, including in this District, as “GripGo.”

8. Clingo released its mounting device in 2010, and has received positive reviews from notable sources including the Los Angeles Times.

9. As a direct result of Clingo’s innovative and distinctive design, the Clingo GripGo universal car mount became a significant success, and it became uniquely associated with Clingo as its source.

V. CLINGO’S INTELLECTUAL PROPERTY RIGHTS

Clingo’s Design Patent

10. Clingo has protected its innovative design through a range of intellectual property rights. Among those rights is Clingo’s design patent, U.S. Patent No. D654,493, a true and correct copy of which is attached as Exhibit A to this Complaint. Clingo owns all right, title, and interest in and to the ’493 patent.

Clingo’s Trade Dress

11. Clingo’s design is also protected as trade dress under federal law. Clingo’s GripGo product is radically different from the devices that preceded it. It has a distinctive shape and appearance - a slightly curved arm that tapers to a joint where the arm rotatably attaches to a uniquely shaped mounting assembly. As shown below, the result is an elegant product that is more user-friendly and attractive than previously available smart phone car mounts. The GripGo design immediately became associated with Clingo.

51

12. The GripGo product design referenced above contains elements that are ornamental and distinctive, and serve to identify Clingo as the source of the products. Moreover, none of the ornamental elements are functional.

13. Clingo also created elegant and distinctive packaging for its smart phone car mount products. The packaging features several depictions of the GripGo product in use, and prominently displays the elegant, consumer friendly design of the product. The packaging thus emphasizes the accessible nature of the product itself and entices consumers to pick up, inspect, and try the product.

VI. TEKNO'S INFRINGEMENT OF CLINGO'S INTELLECTUAL PROPERTY

14. Tekno has imported into and/or sold in the United States, including within this District, a "Dashboard Genie" Universal Car Phone Mount, which infringes Clingo's intellectual property rights.

15. Rather than innovate and develop its own product, Tekno chose to copy Clingo's product and packaging.

16. Tekno's product has an identical design to Clingo's GripGo product as shown in the following comparisons. Given the identical design, Tekno's product infringes Clingo's design patent, as well as Clingo's trade dress for the GripGo product.

17. A comparison of the Dashboard Genie to the figures from '493 Patent reveals that Tekno infringes the ornamental design claimed in the '493 Patent.

18. Tekno also copied various images of the GripGo product from Clingo's packaging, thereby creating a confusingly similar look and feel for its packaging, as shown below. As a result, Tekno's packaging for its Dashboard Genie product infringes Clingo's trade dress.

Clingo's Packaging - Front View

Tekno's Dashboard Genie - Front View

Clingo's Packaging - Rear View

Tekno's Dashboard Genie - Rear View

1 28. Clingo's promotion of the distinctive GripGo product design trade dress has
2
3 resulted in Clingo's acquisition of valuable, legally protected rights in that trade dress, as well as
4
5 considerable customer goodwill.

6 29. Tekno's Dashboard Genie has misappropriated the GripGo product design trade
7
8 dress by copying that trade dress.
9

10 30. Tekno's manufacture and/or distribution of the Dashboard Genie with a product
11
12 design and packaging that copy or mimic the GripGo product design is likely to cause confusion,
13
14 or to cause mistake, or to deceive the consumer as to the affiliation, connection, or association of
15
16 Tekno with Clingo, or as the to the origin, sponsorship, or approval by Clingo of Tekno's goods,
17
18 services, or commercial activities.
19

20 31. Tekno's manufacture and/or distribution of the Dashboard Genie with a product
21
22 design and packaging that copy or mimic the GripGo product design enables Tekno to benefit
23
24 unfairly from Clingo's reputation and success, thereby giving Tekno's infringing products sales
25
26 and commercial value they would not otherwise have.
27

28 32. Tekno's actions constitute unfair competition and false designation of origin in
29
30 violation of 15 U.S.C. § 1125(a).
31

32 33. Tekno knew of Clingo's product design trade dress when it designed and/or
33
34 distributed its Dashboard Genie product and packaging. Tekno has refused to change its product
35
36 or packaging in response Clingo's objections. As a result, Tekno's infringement has been and
37
38 continues to be intentional, willful and without regard to Clingo's product design trade dress.
39

40 34. Clingo has been and will continue to be irreparably harmed and damaged by
41
42 Tekno's conduct, and Clingo lacks an adequate remedy at law to compensate for this harm and
43
44 damage.
45

46 35. Clingo is informed and believes, and on that basis alleges, that Tekno has gained
47
48 profits by virtue of its infringement of Clingo's GripGo product design trade dress.
49
50
51

1 off Tekno's products as being associated with and/or sponsored by or affiliated with Clingo;
2
3 from committing any other unfair business practices directed toward obtaining for Tekno the
4
5 business and customers of Clingo; and from committing any other unfair business practices
6
7 directed toward devaluing or diminishing the brand or business of Clingo;

8
9 g. A judgment awarding Clingo all damages adequate to compensate for Tekno's
10
11 unfair business practices, including Tekno's infringement of Clingo's GripGo product design
12
13 trade dress, in an amount to be proven at trial, and including all pre-judgment and post-judgment
14
15 interest at the maximum rate permitted by law;

16
17 h. Costs of suit and reasonable attorneys' fees;

18
19 i. Any other remedy to which Clingo may be entitled or which the Court may deem
20
21 just and proper, including all remedies provides for in 15 U.S.C. § 1117.
22
23
24
