**COMPLAINT FOR PATENT INFRINGEMENT**

This is an action for patent infringement in which Plaintiff 911 Notify, LLC (“911 Notify”) makes the following allegations against Defendant 911 Enable Inc. (“Defendant”):

**PARTIES**

1. 911 Notify, LLC is a Delaware limited liability company with a registered address of 903 S. College Ave., Box 275, Newark, Delaware 19715.
2. On information and belief, Defendant is a Canadian corporation with a principal place of business at 8270 Mayrand Montreal, Quebec, Canada, H4P 2C5. Defendant may be served with process pursuant to the Delaware long arm statute, 10 *Del. C.* § 3104.

**JURISDICTION AND VENUE**

3. This action arises under the patent laws of the United States, 35 U.S.C. § 1, *et seq.*, including § 271. This Court has subject matter jurisdiction pursuant to 28 U.S.C. §§ 1331 and 1338(a).
4. This Court has personal jurisdiction over Defendant because, on information and belief, Defendant has, among other things, done business in this District, has committed and continues to commit acts of patent infringement in this District, and has harmed and continues to harm 911 Notify in this District, by, among other things, using, selling, offering for sale, and

importing infringing products and services in this District and inducing others in this District to perform infringing methods.

5. Venue is proper in this District under 28 U.S.C. §§ 1391(b)-(d) and 1400(b) because, among other reasons, Defendant is subject to personal jurisdiction in this District, has committed and continues to commit acts of patent infringement in this District. On information and belief, for example, Defendant has used, sold, offered for sale, and imported infringing products in this District.

**COUNT I**  
**INFRINGEMENT OF U.S. PATENT NO. 6,775,356**

6. 911 Notify is the owner by assignment of United States Patent No. 6,775,356 to Angelo Salvucci, Don E. Reich, Kurt E. Warner, and William C. Cook, (the “’356 Patent”), entitled “Real-Time Incident and Response Information Messaging in a System for the Automatic Notification that an Emergency Call has Occurred from a Telecommunication Device.” The application for the ‘356 Patent was filed on September 27, 2001, and is a continuation-in-part of United States Patent Application No. 09/712,660, filed on November 30, 2000. The ‘356 Patent issued on August 10, 2004. A true and correct copy of the ‘356 Patent is attached as Exhibit A.

7. Defendant has infringed and is still infringing the ‘356 Patent, in this judicial District and elsewhere in the United States, by, among other things, making, using, importing, offering for sale, and/or selling products and services that embody the patented inventions, and will continue to do so unless enjoined by this Court. For example, Defendant’s emergency notification system(s), including Emergency Gateway and Desk Alert include functionality that provides notification to identified parties that an emergency call to an emergency service has been made from a subscriber. Under certain circumstances, Defendant’s emergency notification

system(s) notifies an emergency service provider, and discloses to emergency services real-time data, such as monitoring data, which is collected between the time of the emergency call and the initiation of a response. In addition, upon receiving the emergency notification, the system(s) may fetch a subscriber record, containing indicia corresponding to identified parties from a subscriber database, and activate a message response system that initiates notification of the identified parties, including, for example, emergency services, security services, relatives or neighbors.

8. Additionally, Defendant has and continues to actively induce infringement of the '356 patent. Defendant has had actual knowledge of the '356 patent since at least being served with this complaint. Defendant has induced infringement of the '356 patent since at least such date by providing products and/or services that perform each and every step of at least one method claimed in the '356 patent as well as instructions and assistance to users/customers on how to utilize products and/or services such that they infringe at least one method claim of the '356 patent. For example, Defendant instructs users of its emergency notification system(s), including Emergency Gateway and Desk Alert, to use the system(s) in a manner that provides notification to identified parties that an emergency call to an emergency service has been made from a subscriber, places a call to an emergency service provider, and discloses to emergency contacts real-time data, such as monitoring data, which is collected between the time of the emergency call and the initiation of a response. In addition, Defendant instructs users of its emergency notification product(s), including Emergency Gateway and Desk Alert, to use the system(s) such that upon receiving the emergency notification, the system fetches a subscriber record, containing indicia corresponding to identified parties from a subscriber database, and

activates a message response system that initiates notification of the identified parties, including, for example, emergency services, security services, relatives or neighbors.

9. By engaging in the conduct described herein, Defendant has injured 911 Notify and is thus liable for infringement of the '356 Patent pursuant to 35 U.S.C. § 271.

10. Defendant has committed these acts of infringement without license or authorization.

11. As a result of Defendant's infringement of the '356 Patent, 911 Notify has suffered monetary damages and is entitled to a money judgment in an amount adequate to compensate for Defendant's infringement, but in no event less than a reasonable royalty for the use made of the invention by Defendant, together with interest and costs as fixed by the Court.

12. 911 Notify has also suffered and will continue to suffer severe and irreparable harm unless this Court enjoins Defendant, its agents, servants, employees, representatives, and all others acting in active concert therewith from infringing the '356 Patent.

**PRAYER FOR RELIEF**

911 Notify respectfully requests that this Court enter:

- A. A judgment in favor of 911 Notify that Defendant has infringed the '356 Patent;
- B. A permanent injunction enjoining Defendant and its officers, directors, agents, servants, affiliates, employees, divisions, branches, subsidiaries, parents, and all others acting in active concert therewith from infringement of the '356 Patent, or such other equitable relief the Court determines is warranted;
- C. A judgment and order requiring Defendant to pay 911 Notify its damages, costs, expenses, and prejudgment and post-judgment interest for Defendant's infringement of the '356 Patent as provided under 35 U.S.C. § 284;

D. A judgment and order finding that this is an exceptional case within the meaning of 35 U.S.C. § 285 and awarding to 911 Notify its reasonable attorneys' fees against Defendant;

E. A judgment and order requiring Defendant to provide an accounting and to pay supplemental damages to 911 Notify, including without limitation, pre-judgment and post-judgment interest; and

F. Any and all other relief to which 911 Notify may be entitled.

**DEMAND FOR JURY TRIAL**

911 Notify, under Rule 38 of the Federal Rules of Civil Procedure, requests a trial by jury of any issues so triable by right.

Dated: January 21, 2014
