(INFRINGEMENT OF U.S. PATENT NO. 7,454,212)

11. ADAPTIX incorporates paragraphs 1 through 10 herein by reference.

12. This cause of action arises under the patent laws of the United States, and in particular, 35 U.S.C. §§ 271 *et seq.*

13. ADAPTIX is the owner by assignment of United States Patent No. 7,454,212, entitled “OFDMA WITH ADAPTIVE SUBCARRIER-CLUSTER CONFIGURATION AND SELECTIVE LOADING” (“the ’212 patent”) with ownership of all substantial rights in the ’212 patent, including the right to exclude others and to sue and recover damages for the past and future infringement thereof. A true and correct copy of the ’212 patent is attached as Exhibit A.

14. The '212 patent is valid, enforceable, and was duly issued in full compliance with Title 35 of the United States Code.

15. ADAPTIX has been damaged as a result of SONY's and AT&T's infringing conduct described in this Count. SONY and AT&T are, thus, liable to ADAPTIX in an amount that adequately compensates it for their infringement, which by law, cannot be less than a reasonable royalty, together with interest and costs as fixed by this Court under 35 U.S.C. § 284.

**(Direct Infringement)**

16. On information and belief, SONY has and continues to directly infringe one or more claims of the '212 patent in this judicial district and/or elsewhere in Texas and the United States, including at least claim 1 by, among other things, making, using, offering for sale, selling, and/or importing computerized communications devices, including without limitation the SONY XPERIA™ TL and SONY XPERIA™ ION which, at a minimum, directly infringe the '212 patent. SONY is thereby liable for infringement of the '212 patent pursuant to 35 U.S.C. § 271(a). SONY's infringement has caused damage to ADAPTIX, which infringement and damage to ADAPTIX will continue unless and until SONY is enjoined. SONY is thereby liable for infringement of the '212 patent pursuant to 35 U.S.C. § 271(a).

17. On information and belief, AT&T has and continues to directly infringe one or more claims of the '212 patent in this judicial district and/or elsewhere in Texas and the United States, including at least claim 1 by, among other things, making, using, offering for sale, selling and/or importing computerized communications devices including without limitation the SONY XPERIA™ TL and SONY XPERIA™ ION which, at a minimum, directly infringe the '212 patent. AT&T's infringement has caused damage to ADAPTIX, which infringement and

damage will continue unless and until AT&T is enjoined. AT&T is thereby liable for infringement of the '212 patent pursuant to 35 U.S.C. § 271(a).

18. Based upon information set forth in the preceding two paragraphs, on information and belief both SONY and AT&T have and continue to directly and jointly infringe one or more claims of the '212 patent in this judicial district and/or elsewhere in Texas and the United States, including at least claim 1 by, among other things, making, using, offering for sale, selling and/or importing computerized communications devices including without limitation the SONY XPERIA™ TL and SONY XPERIA™ ION which, at a minimum, directly infringe the '212 patent. Thereby, SONY and AT&T are jointly liable for infringement of the '212 patent pursuant to 35 U.S.C. § 271(a). SONY's and AT&T's joint infringement has caused damage to ADAPTIX, which infringement and damage will continue unless and until SONY and AT&T are enjoined.

**(Indirect Infringement - Inducement)**

19. SONY's infringement has caused damage to ADAPTIX, which infringement and damage to

ADAPTIX will continue unless and until SONY is enjoined. SONY is thereby liable for infringement of the '212 patent pursuant to 35 U.S.C. § 271(b).

20. Based on the information presently available to ADAPTIX, absent discovery, and in the alternative to direct infringement, ADAPTIX contends that AT&T has and continues to indirectly infringe one or more claims of the '212 patent, including at least claim 16 by, among other things, taking active steps to encourage and facilitate its customers to purchase and use the SONY XPERIA™ TL and SONY XPERIA™ ION. AT&T's customers who purchase systems and components thereof and operate such systems and components in accordance with AT&T's instructions directly infringe one or more claims of the '212 patent in violation of 35 U.S.C. § 271(b). AT&T's infringement has caused damage to ADAPTIX, which infringement and damage to ADAPTIX will continue unless and until AT&T is enjoined. AT&T is thereby liable for infringement of the '212 patent pursuant to 35 U.S.C. § 271(b).

21. On information and belief, Defendants have been on notice of the '212 patent since at least service of this action. In accordance with Fed. R. Civ. P. 11(b)(3), ADAPTIX will likely have additional evidentiary support after a reasonable opportunity for further investigation or discovery on this issue.

22. On information and belief, since Defendants have been on notice of the '212 patent since at least service of this action, Defendants have been knowingly inducing infringement of the '212 patent, including at least claim 16 of the '212 patent, and possessing specific intent to encourage others' infringement.

23. On information and belief, since Defendants have been on notice of the '212 patent since at least service of this action, Defendants knew or should have known that their

actions would induce actual infringement of the '212 patent, including at least claim 16 of the '212 patent.

24. Defendants have not produced any evidence as to any investigation, design around, or that any remedial action was taken with respect to the '212 patent. In accordance with Fed. R. Civ. P. 11(b)(3), ADAPTIX will likely have additional evidentiary support after a reasonable opportunity for discovery on this issue.

**(Indirect Infringement - Contributory)**

25. Based on the information presently available to ADAPTIX, absent discovery, and in the alternative to direct infringement, ADAPTIX contends that SONY has and continues to indirectly infringe one or more claims of the '212 patent, including at least claim 16 by, among other things, contributing to the direct infringement of others, including entities such as AT&T and end users of SONY's computerized communications devices, including without limitation the SONY XPERIA™ TL and SONY XPERIA™ ION, through supplying infringing systems and components, that infringe one or more claims of the '212 patent, including at least claim 16, in violation of 35 U.S.C. § 271(c).

26. Based on the information presently available to ADAPTIX, absent discovery, and in the alternative to direct infringement, ADAPTIX contends that AT&T has and continues to indirectly infringe one or more claims of the '212 patent, including at least claim 16 by, among other things, contributing to the direct infringement of others, including entities such as customers of AT&T's computerized communications devices, including without limitation the SONY XPERIA™ TL and SONY XPERIA™ ION, through supplying infringing systems and

components, that infringe one or more claims of the '212 patent, including at least claim 16, in violation of 35 U.S.C. § 271(c).

27. Defendants have and continue to contribute to the direct infringement of others, such as end users of Defendants' computerized communications devices, by making, offering to sell, selling, re-selling, and/or importing into the United States a component of a patented apparatus that constitutes a material part of the invention, knowing the same to be especially made or especially adapted for use in infringement of the '212 patent and not a staple article or commodity of commerce suitable for substantial non-infringing use. An example of such a material component offered for sale, sold, and/or imported by Defendants is Defendants' computerized communications devices and the technology associated therewith.

28. On information and belief, Defendants have been on notice of the '212 patent since at least service of this action, or before, but has continued since that time to cause others to directly infringe the '212 patent as alleged herein. In accordance with Fed. R. Civ. P. 11(b)(3), ADAPTIX will likely have additional evidentiary support after a reasonable opportunity for further investigation or discovery on this issue.

29. Since Defendants have been on notice of the '212 patent since at least service of this action, Defendants knew or should have known that Defendants' computerized communications devices and the technology associated therewith constituted material components of the inventions claimed in the '212 patent, are especially made or especially adapted for use in infringement of the '212 patent, and are not a staple article or commodity of commerce suitable for substantial non-infringing use.

30. By virtue of at least this Complaint, Defendants have been provided with written notice of ADAPTIX's allegations that Defendants have and continue to contributorily infringe

the '212 patent and written identification of exemplar products that infringe one or more claims of the '212 patent (e.g., systems used by end users of Defendants' computerized communications devices) and written notice of an exemplar material part of these devices (e.g., Defendants' computerized communications devices and the technology associated therewith) that are especially made or especially adapted for use in infringing the '212 patent and are not staple articles or commodities of commerce suitable for substantial non-infringing use.
