COUNT I
DIRECT PATENT INFRINGEMENT

13. Plaintiff hereby incorporates Paragraphs 1 through 12 set forth above as if fully set forth herein.

14. Pursuant to 35 U.S.C. § 271(a), JIMMY has directly infringed claims of the ‘7,030,781, 6,975,998, 7,400,970 and 6,904,359 patents through, among other activities, products, programs, applications, functions, systems and methods, the use of tracking and notification technologies within its “**ADVANCE SHIP NOTICE**” (“...send you an order confirmation” www.shopjimmy.com) and “**SHIPPING CONFIRMATION EMAIL**” (“as soon as your order is inspected, packed and ready to ship, we will email your tracking information” www.shopjimmy.com) services that are protected within the 7,030,781, 6,975,998, 7,400,970 and 6,904,359 patents, as every claim limitation, or its

equivalent, is found in these functions, applications, solutions, devices, programs, products, services, methods and/or systems.

15. Furthermore, Plaintiff would argue that a means plus function claim is present. By way of example, claim 10 of the 998' Patent, "a system for reporting impending vehicle deliveries, comprising: means for receiving a plurality of packages; means for assigning each of said packages to a vehicle; means for determining an order that said vehicle is to deliver said packages; means for determining, based on said order, a first time period that said vehicle is expected to deliver one of said packages to a recipient; means for causing a notification message to be transmitted to said recipient, said notification message indicating said first time period; means for simultaneously transporting each of said packages via said vehicle; and means for transporting said one package to a premises of said recipient via said vehicle."

16. JIMMY'S direct infringement has injured and will continue to injure Plaintiff unless and until a monetary judgment is entered in favor of Plaintiff and/or the Court enters an injunction prohibiting further infringement and, specifically, enjoining further use of methods and systems that come within the scope of the 7,030,781, 6,975,998, 7,400,970 and 6,904,359 patents.

REQUEST FOR RELIEF

WHEREFORE, Plaintiff respectfully requests this Court to enter judgment against JIMMY and its subsidiaries, affiliates, agents, servants, employees and all persons in active concert or participation with JIMMY, granting the following relief:

A. An award of damages against JIMMY adequate to compensate Plaintiff for the infringement that has occurred with respect to JIMMY, together with prejudgment interest from the date that JIMMY'S infringement of the patents at issue began;

- B. Increased damages as permitted pursuant to 35 U.S.C. § 284;
- C. A finding that this case is exceptional and award to Plaintiff its attorney's fees and costs as provided by 35 U.S.C. § 285;
- D. A permanent injunction against JIMMY prohibiting further infringement of the patents at issue; and,
- E. All other relief as the Court or a jury may deem proper and just in this instance.

COUNT II
INDIRECT PATENT INFRINGEMENT

17. Plaintiff hereby incorporates Paragraphs 1 through 15 set forth above as if fully set forth herein.

18. Pursuant to 35 U.S.C. §§ 271(b) and (c), JIMMY has indirectly infringed claims of the 7,030,781, 6,975,998, 7,400,970 and 6,904,359 patents through, among other activities, products, programs, applications, functions, systems and methods, the use of tracking and notification technologies within its **“ADVANCE SHIP NOTICE”** (“...send you an order confirmation” www.shopjimmy.com) and **“SHIPPING CONFIRMATION EMAIL”** (“as soon as your order is inspected, packed and ready to ship, we will email your tracking information” www.shopjimmy.com) services that are protected within the 7,030,781, 6,975,998, 7,400,970 and 6,904,359 patents, as JIMMY actively and intentionally induced infringement with knowledge that the induced acts constituted infringement, or acted with willful blindness; and/or contributed to infringement by one or more third parties as JIMMY had knowledge, rather than intent, that its activity caused such infringement.

19. Furthermore, Plaintiff would argue that a means plus function claim is present. By way of example, claim 10 of the 998' Patent, "a system for reporting impending vehicle deliveries, comprising: means for receiving a plurality of packages; means for assigning each of said packages to a vehicle; means for determining an order that said vehicle is to deliver said

packages; means for determining, based on said order, a first time period that said vehicle is expected to deliver one of said packages to a recipient; means for causing a notification message to be transmitted to said recipient, said notification message indicating said first time period; means for simultaneously transporting each of said packages via said vehicle; and means for transporting said one package to a premises of said recipient via said vehicle."

20. JIMMY'S contributory infringement and/or inducement to infringe has injured and will continue to injure Plaintiff unless and until a monetary judgment is entered in favor of Plaintiff and/or the Court enters an injunction prohibiting further infringement and, specifically, enjoining further use of methods and systems that come within the scope of the 7,030,781, 6,975,998, 7,400,970 and 6,904,359 patents.

REQUEST FOR RELIEF

WHEREFORE, Plaintiff respectfully requests this Court to enter judgment against JIMMY and its subsidiaries, affiliates, agents, servants, employees and all persons in active concert or participation with JIMMY, granting the following relief:

- A. An award of damages against JIMMY adequate to compensate Plaintiff for the infringement that has occurred with respect to JIMMY, together with prejudgment interest from the date that JIMMY'S infringement of the patents at issue began;
- B. Increased damages as permitted pursuant to 35 U.S.C. § 284;
- C. A finding that this case is exceptional and award to Plaintiff its attorney's fees and costs as provided by 35 U.S.C. § 285;
- D. A permanent injunction against JIMMY prohibiting further infringement of the patents at issue; and,
- E. All other relief as the Court or a jury may deem proper and just in this instance.
