COUNT I – PATENT INFRINGEMENT

8. Plaintiff refers to and incorporates herein the allegations of Paragraphs 1-7 above.

10. Defendant owns, uses, operates, advertises, controls, sells, and otherwise provides products and/or services that infringe the ‘707 patent. The ‘707 patent provides, among other things, “A computer-implemented auto-composing web site access system, comprising: a composer, wherein said computer composes a web slide show presentation through automatic extraction of web page details from a desired web page, wherein said web page details include one or more of the following: a plurality of hyperlinks found within the desired web page that provides a plurality of URLs, a presentation/rendition text file within the desired web page that provides a plurality of URLs, a meta tag within the desired web page that provides a plurality of URLs; and a performer, wherein said performer displays said web slide show presentation in order of the plurality or URLs provided by the extracted web page details.”
