COUNT I

(INFRINGEMENT OF U.S. PATENT NO. 8,780,130)

9. Plaintiff incorporates paragraphs 1 through 8 herein by reference.

10. Plaintiff is the owner and assignee of the '130 patent, entitled "Methods, Systems, and Computer Program Products for Binding Attributes Between Visual Components," with ownership of all substantial rights in the '130 patent, including the right to exclude others and to enforce, sue and recover damages for past and future infringement. A true and correct copy of the '130 patent is attached as Exhibit A.

11. The '130 patent is valid, enforceable and was duly issued in full compliance with Title 35 of the United States Code.

12. Plaintiff has been damaged as a result of Toshiba's infringing conduct described in this Count. Toshiba is thus liable to Plaintiff in an amount that adequately compensates it for its infringements, which, by law, cannot be less than a reasonable royalty, together with interest and costs as fixed by this Court under 35 U.S.C. § 284.

Direct Infringement

13. On information and belief, Toshiba has and continues to directly infringe one or more claims of the '130 patent in this judicial district and/or elsewhere in Texas and the United States, including at least claim 22, by, among other things, making, using, offering for sale, selling and/or importing infringing devices, including but not limited to the Toshiba Satellite NB15T-A1302 Touchscreen Laptop, by practicing infringing methods by way of Toshiba's devices, including but not limited to the Toshiba Satellite NB15T-A1302 Touchscreen Laptop, and/or by directing or controlling the performance of infringing methods, including by customers and/or end-users of Toshiba's devices, including but not limited to the Toshiba Satellite NB15T-A1302 Touchscreen Laptop. Toshiba is thereby liable for infringement of the '130 patent pursuant to 35 U.S.C. § 271.

Indirect Infringement – Inducement

14. Based on the information presently available to Plaintiff, absent discovery, and in addition or in the alternative to direct infringement, Plaintiff contends that Toshiba indirectly infringes one or more claims of the '130 patent, including at least claim 22, by inducing others, including customers and/or end-users of Toshiba's devices, including but not limited to the Toshiba Satellite NB15T-A1302 Touchscreen Laptop, to make, use, sell, offer for sale, and/or import devices and/or to practice infringing methods in violation of one or more claims of the '130 patent, including at least claim 22.

15. On information and belief, Defendants have been on notice of the '130 patent since at least service of this action, or before, but have continued since that time to cause others to directly infringe the '130 patent as alleged herein. In accordance with Fed. R. Civ. P. 11(b)(3), Plaintiff will likely have additional evidentiary support after a reasonable opportunity for further investigation or discovery on this issue.

16. On information and belief, since Toshiba has been on notice of the '130 patent, Toshiba has knowingly induced infringement of the '130 patent, including at least claim 22 of the '130 patent, and possessed specific intent to encourage others' infringement.

17. On information and belief, since Toshiba has been on notice of the '130 patent, Toshiba knew or should have known that its actions would induce actual infringement of the '130 patent, including at least claim 22 of the '130 patent, by customers and/or end-users of Toshiba's devices, including but not limited to the Toshiba Satellite NB15T-A1302 Touchscreen Laptop.

18. On information and belief, for example, since Toshiba has been on notice of the '130 patent, Toshiba has purposefully and voluntarily made available devices, including but not

limited to the Toshiba Satellite NB15T-A1302 Touchscreen Laptop, with the expectation that they would be utilized by customers and/or end-users in the United States in a way that infringes at least claim 22 of the '130 patent.

19. On information and belief, since Toshiba has been on notice of the '130 patent, Toshiba has also instructed and/or encouraged customers and/or end-users of Toshiba's devices, including but not limited to the Toshiba Satellite NB15T-A1302 Touchscreen Laptop, to utilize such devices in a way that results in the infringement of at least claim 22 of the '130 patent and has provided support to such customers and/or end-users.

ADDITIONAL ALLEGATIONS

20. Plaintiff has been damaged as a result of Defendants' infringing conduct described herein. Toshiba is thus liable to Plaintiff in an amount that adequately compensates Plaintiff for Defendants' infringement, which, by law, cannot be less than a reasonable royalty, together with interest and costs as fixed by the Court under 35 U.S.C. § 284.

21. Defendants' actions complained of herein will continue unless Defendants are enjoined by this Court.

22. Plaintiff has complied with 35 U.S.C. § 287.

23. Defendants' actions complained of herein are causing irreparable harm and monetary damage to Plaintiff and will continue to do so unless and until Defendants are enjoined and restrained by this Court.

JURY DEMAND

Plaintiff hereby requests a trial by jury pursuant to Rule 38 of the Federal Rules of Civil Procedure.

PRAYER FOR RELIEF

Plaintiff requests that this Court find in its favor and against Defendants, and that this Court grant Plaintiff the following relief:

- a. Enter judgment for Plaintiff on this Complaint;
- b. Enter judgment that one or more claims of the '130 patent have been infringed, either directly or indirectly by Defendants;
- c. Enter judgment that Defendants account for and pay to Plaintiff all damages to and costs incurred by Plaintiff because of Defendants' infringing activities and other conduct complained of herein;
- d. Award Plaintiff damages resulting from Defendants' infringement in accordance with 35 U.S.C. § 284;
- e. Enter a permanent injunction enjoining Defendants and its officers, directors, agents, servants, affiliates, employees, divisions, branches, subsidiaries, parents, and all others acting in active concert or participation with them, from infringing or inducing infringement of the '130 patent, or, in the alternative, judgment that Defendants account for and pay to Plaintiff a reasonable royalty and an ongoing post-judgment royalty because of Defendants' past, present and future infringing activities and other conduct complained of herein;
- f. That Plaintiff be granted pre-judgment and post-judgment interest on the damages caused by Defendants' infringing activities and other conduct complained of herein;
- g. Find the case to be exceptional under the provisions of 35 U.S.C. § 285;
- h. That Plaintiff be granted such other and further relief as the Court may deem just and proper under the circumstances.
