PATENT CASE

COMPLAINT

Plaintiff Cypaleo LLC (“Plaintiff” or “Cypaleo”) files this Complaint against Giga-byte Technology Co., Ltd. (“GTCL”) and Giga-byte Global Business Corporation (“GGBC”) (collectively, “Defendants” or “Giga-byte”) for infringement of United States Patent No. 5,638,427 (hereinafter “the ‘427 Patent”).

PARTIES AND JURISDICTION

1. This is an action for patent infringement under Title 35 of the United States Code. Plaintiff is seeking damages.
2. Jurisdiction is proper in this Court pursuant to 28 U.S.C. §§ 1331 (Federal Question) and 1338(a) (Patents) because this is a civil action for patent infringement arising under the United States patent statutes.
3. Plaintiff is a Texas limited liability company with its principal office located at 3415 Custer Rd., Suite 120-D, Plano, Texas 75023.
4. On information and belief, Defendant GTCL is a company incorporated under

the laws of the Republic of China (R.O.C.), with an address at No.6, Baoqiang Rd., Xindian Dist., New Taipei City, Taiwan (R.O.C.).

5. On information and belief, Defendant GGBC is a California corporation with a place of business at 117358 Railroad St., City of Industry, CA 91748.

6. On information and belief, this Court has personal jurisdiction over Defendants because Defendants have committed, and continue to commit, acts of infringement in the state of Texas, have conducted business in the state of Texas, and/or have engaged in continuous and systematic activities in the state of Texas.

7. On information and belief, Defendants' instrumentalities that are alleged herein to infringe were and continue to be used, imported, offered for sale, and/or sold in the Eastern District of Texas.

VENUE

8. Venue is proper in the Eastern District of Texas pursuant to 28 U.S.C. §§ 1391(c) and 1400(b) because Defendants are deemed to reside in this District. In addition, and in the alternative, and upon information and belief, Defendants have committed acts of infringement in this District.

COUNT I **(INFRINGEMENT OF UNITED STATES PATENT NO. 5,638,427)**

9. Plaintiff incorporates paragraphs 1 through 8 herein by reference.

10. This cause of action arises under the patent laws of the United States and, in particular, under 35 U.S.C. §§ 271, *et seq.*

11. Plaintiff is the owner by assignment of the '427 Patent with sole rights to enforce the '427 Patent and sue infringers.

12. A copy of the '427 Patent, titled "Operator-controlled Interactive

Communication Device,” is attached hereto as Exhibit A.

13. At the time relevant to the allegations herein, the ‘427 Patent was valid, enforceable, and was duly issued in full compliance with Title 35 of the United States Code.

14. On information and belief, Defendants infringed one or more claims, including at least claim 1, of the ‘427 Patent by making, using, importing, selling, and/or offering for sale interactive communication devices covered by at least Claim 1 of the ‘427 Patent. Defendants infringed the ‘427 Patent in violation of 35 U.S.C. § 271.

15. On information and belief, during the period that the ‘427 Patent was in force, Defendants sold, offered to sell, and/or used interactive communication devices, including, without limitation, the GIGABYTE U2442 (“the Product”), and any similar devices, which infringed at least Claim 1 of the ‘427 Patent. The Product is an interactive device that may be used to transmit and receive data.

16. The Product, for example, has a display that can display messages that are either generated within the Product or received by the Product from an external source.

17. The Product has an input device (e.g., USB input and touch screen) by which a user can input data to the Product.

18. The Product has a communication transmission interface (e.g., wired and wireless communication interfaces) that can connect the Product to a transmission medium.

19. On information and belief, the Product has a connector that can connect a telephone handset (e.g., a Bluetooth headset that is hand-controlled) to the Product for external communication over the transmission medium.

20. The Product has a computer connector (e.g., wireless module) that can connect a computer to the Product for external communication over the communication transmission

interface. The connection also allows for reprogramming memory of the Product.

21. The Product has a remote interactive communication connector (e.g., WiFi interface) that can connect a communication system within a machine being monitored (e.g., a wireless printer).

22. On information and belief, the input device and the remote interactive communication connector provide the Product with the flexibility to be used with a machine (e.g., a printer) having a remote interactive communication system (e.g., wireless interface) and a machine without a remote interactive communication system (e.g., wired, or USB interface).

23. On information and believe 35 U.S.C. § 287 was complied with at all relevant times.

PRAYER FOR RELIEF

WHEREFORE, Plaintiff asks the Court to:

(a) Enter judgment for Plaintiff on this Complaint on all causes of action asserted herein;

(b) Award Plaintiff damages resulting from Defendant's infringement in accordance with 35 U.S.C. § 284;

(c) Award Plaintiff pre-judgment and post-judgment interest and costs; and

(d) Award Plaintiff such further relief to which the Court finds Plaintiff entitled under law or equity.

Dated: May 23, 2016

Respectfully submitted,
