JURISDICTION AND VENUE

16. Jurisdiction is proper in this Court pursuant to 28 U.S.C. §§ 1331, 1338(a), and 2201 and 2202.

17. Aurobindo Pharma, Ltd. is subject to personal jurisdiction in Delaware because, among other things, Aurobindo Pharma, Ltd., itself and through its wholly-owned subsidiaries Aurobindo Pharma USA, Inc. and Eugia Pharma Specialties Ltd., has purposefully availed itself of the benefits and protections of Delaware's laws such that it should reasonably anticipate being haled into court here. Upon information and belief, Aurobindo Pharma, Ltd., itself and through its wholly-owned subsidiaries Aurobindo Pharma USA, Inc. and Eugia Pharma Specialties Ltd., develops, manufactures, imports, markets, offers to sell, and/or sells generic drugs throughout the United States, including in the State of Delaware, and therefore transacts business within the State of Delaware, and/or has engaged in systematic and continuous business contacts within the State of Delaware. In addition, Aurobindo Pharma, Ltd. is subject to personal jurisdiction in Delaware because, upon information and belief, it controls Aurobindo Pharma USA, Inc. and Eugia Pharma Specialties Ltd., and therefore the activities of Aurobindo Pharma USA, Inc. and Eugia Pharma Specialties Ltd. in this jurisdiction are attributed to Aurobindo Pharma, Ltd.

18. Aurobindo Pharma USA, Inc. is subject to personal jurisdiction in Delaware because, among other things, it has purposely availed itself of the benefits and protections of Delaware's laws such that it should reasonably anticipate being haled into court here. Aurobindo Pharma USA, Inc. is a corporation organized and existing under the laws of the State of Delaware, is qualified to do business in Delaware, and has appointed a registered agent for service of process in Delaware. It therefore has consented to general jurisdiction in Delaware. In addition, upon information and belief, Aurobindo Pharma USA, Inc. develops, manufactures, imports, markets, offers to sell, and/or sells generic drugs throughout the United States, including

in the State of Delaware and therefore transacts business within the State of Delaware related to Pfizer's claims, and/or has engaged in systematic and continuous business contacts within the State of Delaware.

19. Eugia Pharma Specialties Ltd. is subject to personal jurisdiction in Delaware because, among other things, Eugia Pharma Specialties Ltd., itself and through its agent Aurobindo Pharma USA, Inc., has purposely availed itself of the benefits and protections of Delaware's laws such that it should reasonably anticipate being haled into court here. Upon information and belief, Eugia Pharma Specialties Ltd., itself and through its agent Aurobindo Pharma USA, Inc., develops, manufactures, imports, markets, offers to sell, and/or sells generic drugs throughout the United States, including in the State of Delaware and therefore transacts business within the State of Delaware related to Pfizer's claims, and/or has engaged in systematic and continuous business contacts within the State of Delaware.

20. Aurobindo has previously used the process contemplated by the Hatch-Waxman Act to challenge branded pharmaceutical companies' patents by filing a certification of the type described in Section 505(j)(2)(A)(vii)(IV) of the FDCA, 21 U.S.C. § 355(j)(2)(A)(vii)(IV), serving a notice letter on those companies, and engaging in patent litigation arising from the process contemplated by the Hatch-Waxman Act.

21. Upon information and belief, Aurobindo, with knowledge of the Hatch- Waxman Act process, directed Aurobindo's Notice Letter to, *inter alia*, Pfizer, Inc., an entity incorporated in Delaware, and alleged in Aurobindo's Notice Letter that Pfizer's patents are invalid. Upon information and belief, Aurobindo knowingly and deliberately challenged Pfizer's patent rights, and knew when it did so that it was triggering the forty-five day period for Pfizer to bring an action for patent infringement under the Hatch-Waxman Act.

22. Because Pfizer is incorporated in Delaware, Pfizer suffers injury and consequences from Aurobindo's filing of Aurobindo's ANDA, challenging Pfizer's patent rights, in Delaware. Upon information and belief, Aurobindo knew that it was deliberately challenging the patent rights of a Delaware entity and seeking to invalidate intellectual property held in Delaware. Aurobindo has been a litigant in connection with other infringement actions under the Hatch-Waxman Act, and reasonably should have anticipated that by sending Aurobindo's Notice Letter to Pfizer, a Delaware corporation, that it would be sued in Delaware for patent infringement.

23. Upon information and belief, if Aurobindo's ANDA is approved, Aurobindo will directly or indirectly manufacture, market, sell, and/or distribute Aurobindo's ANDA Product within the United States, including in Delaware, consistently with Aurobindo's practices for the marketing and distribution of other generic pharmaceutical products. Upon information and belief, Aurobindo regularly does business in Delaware, and its practices with other generic pharmaceutical products have involved placing those products into the stream of commerce for distribution throughout the United States, including in Delaware. Upon information and belief, Aurobindo's generic pharmaceutical products are used and/or consumed within and throughout the United States, including in Delaware. Upon information and belief, Aurobindo's ANDA Product will be prescribed by physicians practicing in Delaware, dispensed by pharmacies located within Delaware, and used by patients in Delaware. Each of these activities would have a substantial effect within Delaware and would constitute infringement of Pfizer's patents in the event that Aurobindo's ANDA Product is approved before the patents expire.

24. Upon information and belief, Aurobindo derives substantial revenue from generic pharmaceutical products that are used and/or consumed within Delaware, and which are

manufactured by Aurobindo and/or for which Aurobindo Pharma, Ltd. or Aurobindo Pharma USA, Inc. is the named applicant on approved ANDAs. Upon information and belief, various products for which Aurobindo Pharma, Ltd. or Aurobindo Pharma USA, Inc. is the named applicant on approved ANDAs are available at retail pharmacies in Delaware.

25. Venue is proper in this district as to Aurobindo Pharma USA, Inc. pursuant to 28 U.S.C. §§ 1391 and 1400(b) because, *inter alia*, Aurobindo Pharma USA, Inc. is a corporation organized and existing under the laws of the State of Delaware and is subject to personal jurisdiction in this judicial district.

26. Venue is proper in this district as to Aurobindo Pharma, Ltd. pursuant to 28 U.S.C. §§ 1391 and 1400(b) because, *inter alia* Aurobindo Pharma, Ltd. is a corporation organized and existing under the laws of the Republic of India and is subject to personal jurisdiction in this judicial district.

27. Venue is proper in this district as to Eugia Pharma Specialties Ltd. pursuant to 28 U.S.C. §§ 1391 and 1400(b) because, *inter alia* Eugia Pharma Specialties Ltd. is a corporation organized and existing under the laws of the Republic of India and is subject to personal jurisdiction in this judicial district.

COUNT I - INFRINGEMENT OF THE '612 PATENT

28. Pfizer incorporates each of the preceding paragraphs 1–27 as if fully set forth herein.

29. The inventors named on the '612 patent are Mark Barvian, Richard J. Booth, John Quin, III, Joseph T. Repine, Derek J. Sheehan, Peter L. Toogood, Scott N. Vanderwel, and Hairong Zhou.

30. The '612 patent, entitled “2-(Pyridin-2-ylamino)-pyrido[2,3-d]pyrimidin-7-ones” (attached as Exhibit A), was duly and legally issued on August 30, 2005.

31. Pfizer is the owner and assignee of the '612 patent.

32. Claim 1 of the '612 patent recites “[a] compound which is 6-Acetyl-8-cyclopentyl-5-methyl-2-(5-piperazin-1-yl-pyridin-2-ylamino)-8H-pyrido[2,3-d]pyrimidin-7-one.”

33. Claim 2 of the '612 patent recites “A pharmaceutical composition comprising a therapeutically effective amount of the compound according to claim 1 and a pharmaceutical carrier therefor.”

34. IBRANCE[®] is covered by claims 1 and 2 of the '612 patent, and the '612 patent has been listed in connection with IBRANCE[®] in the FDA's Orange Book.

35. In Aurobindo's Notice Letter, Aurobindo notified Pfizer of the submission of Aurobindo's ANDA to the FDA. The purpose of this submission was to obtain approval under the FDCA to engage in the commercial manufacture, use, offer for sale, sale and/or importation of Aurobindo's ANDA Product prior to the expiration of the '612 patent.

36. In Aurobindo's Notice Letter, Aurobindo also notified Pfizer that, as part of its ANDA, Aurobindo had filed certifications of the type described in Section 505(j)(2)(B)(iv) of the FDCA, 21 U.S.C. § 355 (j)(2)(B)(iv), with respect to the '612 patent. On information and belief, Aurobindo submitted its ANDA to the FDA containing certifications pursuant to 21 U.S.C. § 355(j)(2)(A)(vii)(IV) asserting that the '612 patent is invalid, unenforceable, and/or will not be infringed by the manufacture, use, offer for sale, sale, and/or importation of Aurobindo's ANDA Product.

37. Aurobindo's ANDA Product and the use of Aurobindo's ANDA Product are covered by claims 1 and 2 of the '612 patent.

38. In Aurobindo's Notice Letter, Aurobindo did not contest the infringement of claim 1 or 2 of the '612 patent on any basis other than the alleged invalidity of those claims.

39. Aurobindo's submission of Aurobindo's ANDA for the purpose of obtaining approval to engage in the commercial manufacture, use, offer for sale, sale, and/or importation of Aurobindo's ANDA Product before the expiration of the '612 patent was an act of infringement of the '612 patent under 35 U.S.C. § 271(e)(2)(A).

40. On information and belief, Aurobindo will engage in the manufacture, use, offer for sale, sale, marketing, distribution, and/or importation of Aurobindo's ANDA Product immediately and imminently upon approval of its ANDA.

41. The manufacture, use, sale, offer for sale, or importation of Aurobindo's ANDA Product would infringe claims 1 and 2 of the '612 patent.

42. On information and belief, the manufacture, use, sale, offer for sale, or importation of Aurobindo's ANDA Product in accordance with, and as directed by, its proposed product labeling would infringe claims 1 and 2 of the '612 patent.

43. On information and belief, Aurobindo plans and intends to, and will, actively induce infringement of the '612 patent when Aurobindo's ANDA is approved, and plans and intends to, and will, do so immediately and imminently upon approval. Aurobindo's activities will be done with knowledge of the '612 patent and specific intent to infringe that patent.

44. On information and belief, Aurobindo knows that Aurobindo's ANDA Product and its proposed labeling are especially made or adapted for use in infringing the '612 patent, that Aurobindo's ANDA Product is not a staple article or commodity of commerce, and that Aurobindo's ANDA Product and its proposed labeling are not suitable for substantial noninfringing use. On information and belief, Aurobindo plans and intends to, and will,

contribute to infringement of the '612 patent immediately and imminently upon approval of Aurobindo's ANDA.

45. Notwithstanding Aurobindo's knowledge of the claims of the '612 patent, Aurobindo has continued to assert its intent to manufacture, offer for sale, sell, distribute, and/or import Aurobindo's ANDA Product with its product labeling following FDA approval of Aurobindo's ANDA prior to the expiration of the '612 patent.

46. The foregoing actions by Aurobindo constitute and/or will constitute infringement of the '612 patent; active inducement of infringement of the '612 patent; and contribution to the infringement by others of the '612 patent.

47. On information and belief, Aurobindo has acted with full knowledge of the '612 patent and without a reasonable basis for believing that it would not be liable for infringement of the '612 patent; active inducement of infringement of the '612 patent; and/or contribution to the infringement by others of the '612 patent.

48. Pfizer will be substantially and irreparably damaged by infringement of the '612 patent.

49. Unless Aurobindo is enjoined from infringing the '612 patent, actively inducing infringement of the '612 patent, and contributing to the infringement by others of the '612 patent, Pfizer will suffer irreparable injury. Pfizer has no adequate remedy at law.

**COUNT II - DECLARATORY JUDGMENT
OF INFRINGEMENT OF THE '612 PATENT**

50. Pfizer incorporates each of the preceding paragraphs 1–49 as if fully set forth herein.

51. The Court may declare the rights and legal relations of the parties pursuant to 28 U.S.C. §§ 2201 and 2202 because there is a case of actual controversy between Pfizer on the

one hand and Aurobindo on the other regarding Aurobindo's infringement, active inducement of infringement, and contribution to the infringement by others of the '612 patent, and/or the validity of the '612 patent.

52. Claim 1 of the '612 patent recites “[a] compound which is 6-Acetyl-8-cyclopentyl-5-methyl-2-(5-piperazin-1-yl-pyridin-2-ylamino)-8H-pyrido[2,3-d]pyrimidin-7-one.”

53. Claim 2 of the '612 patent recites “A pharmaceutical composition comprising a therapeutically effective amount of the compound according to claim 1 and a pharmaceutical carrier therefor.”

54. In Aurobindo's Notice Letter, Aurobindo notified Pfizer of the submission of Aurobindo's ANDA to the FDA. The purpose of this submission was to obtain approval under the FDCA to engage in the commercial manufacture, use, offer for sale, sale and/or importation of Aurobindo's ANDA Product prior to the expiration of the '612 patent.

55. In Aurobindo's Notice Letter, Aurobindo also notified Pfizer that, as part of its ANDA, Aurobindo had filed certifications of the type described in Section 505(j)(2)(B)(iv) of the FDCA, 21 U.S.C. § 355 (j)(2)(B)(iv), with respect to the '612 patent. On information and belief, Aurobindo submitted its ANDA to the FDA containing certifications pursuant to 21 U.S.C. § 355(j)(2)(A)(vii)(IV) asserting that the '612 patent is invalid, unenforceable, and/or will not be infringed by the manufacture, use, offer for sale, sale, and/or importation of Aurobindo's ANDA Product.

56. Aurobindo's ANDA Product and the use of Aurobindo's ANDA Product are covered by claims 1 and 2 of the '612 patent.

57. In Aurobindo's Notice Letter, Aurobindo did not contest the infringement of claim 1 or 2 of the '612 patent on any basis other than the alleged invalidity of those claims.

58. On information and belief, Aurobindo will engage in the manufacture, use, offer for sale, sale, marketing, distribution, and/or importation of Aurobindo's ANDA Product immediately and imminently upon approval of its ANDA.

59. The manufacture, use, sale, offer for sale, or importation of Aurobindo's ANDA Product would infringe claims 1 and 2 of the '612 patent.

60. On information and belief, the manufacture, use, sale, offer for sale, or importation of Aurobindo's ANDA Product in accordance with, and as directed by, its proposed product labeling would infringe claims 1 and 2 of the '612 patent.

61. On information and belief, Aurobindo plans and intends to, and will, actively induce infringement of the '612 patent when Aurobindo's ANDA is approved, and plans and intends to, and will, do so immediately and imminently upon approval. Aurobindo's activities will be done with knowledge of the '612 patent and specific intent to infringe that patent.

62. On information and belief, Aurobindo knows that Aurobindo's ANDA Product and its proposed labeling are especially made or adapted for use in infringing the '612 patent, that Aurobindo's ANDA Product is not a staple article or commodity of commerce, and that Aurobindo's ANDA Product and its proposed labeling are not suitable for substantial noninfringing use. On information and belief, Aurobindo plans and intends to, and will, contribute to infringement of the '612 patent immediately and imminently upon approval of Aurobindo's ANDA.

63. Notwithstanding Aurobindo's knowledge of the claims of the '612 patent, Aurobindo has continued to assert its intent to manufacture, offer for sale, sell, distribute, and/or

import Aurobindo's ANDA Product with its product labeling following FDA approval of Aurobindo's ANDA prior to the expiration of the '612 patent.

64. The foregoing actions by Aurobindo constitute and/or will constitute infringement of the '612 patent; active inducement of infringement of the '612 patent; and contribution to the infringement by others of the '612 patent.

65. On information and belief, Aurobindo has acted with full knowledge of the '612 patent and without a reasonable basis for believing that it would not be liable for infringement of the '612 patent; active inducement of infringement of the '612 patent; and/or contribution to the infringement by others of the '612 patent.

66. Pfizer will be substantially and irreparably damaged by infringement of the '612 patent.

67. The Court should declare that the commercial manufacture, use, sale, offer for sale or importation of Aurobindo's ANDA Product with its proposed labeling, or any other Aurobindo drug product that is covered by or whose use is covered by the '612 patent, will infringe, induce the infringement of, and contribute to the infringement by others of the '612 patent, and that the claims of the '612 patent are not invalid.

On information and belief, Aurobindo submitted its ANDA to the FDA containing certifications pursuant to 21 U.S.C. § 355(j)(2)(A)(vii)(IV) asserting that the '489 patent is invalid, unenforceable, and/or will not be infringed by the manufacture, use, offer for sale, sale, and/or importation of Aurobindo's ANDA Product.

76. Aurobindo's ANDA Product and the use of Aurobindo's ANDA Product are covered by at least claims 1–7 and 9 of the '489 patent.

77. In Aurobindo's Notice Letter, Aurobindo did not contest the infringement of claim 1–7 and 9 of the '489 patent on any basis other than the alleged invalidity of those claims.

78. Aurobindo's submission of Aurobindo's ANDA for the purpose of obtaining approval to engage in the commercial manufacture, use, offer for sale, sale, and/or importation of

Aurobindo's ANDA Product before the expiration of the '489 patent was an act of infringement of the '489 patent under 35 U.S.C. § 271(e)(2)(A).

79. On information and belief, Aurobindo will engage in the manufacture, use, offer for sale, sale, marketing, distribution, and/or importation of Aurobindo's ANDA Product immediately and imminently upon approval of its ANDA.

80. The manufacture, use, sale, offer for sale, or importation of Aurobindo's ANDA Product would infringe one or more claims of the '489 patent, including, *inter alia*, claims 1–7 and 9 of the '489 patent.

81. On information and belief, the manufacture, use, sale, offer for sale, or importation of Aurobindo's ANDA Product in accordance with, and as directed by, its proposed product labeling would infringe one or more claims of the '489 patent, including, *inter alia*, claims 1–7 and 9 of the '489 patent.

82. On information and belief, Aurobindo plans and intends to, and will, actively induce infringement of the '489 patent when Aurobindo's ANDA is approved, and plans and intends to, and will, do so immediately and imminently upon approval. Aurobindo's activities will be done with knowledge of the '489 patent and specific intent to infringe that patent.

83. On information and belief, Aurobindo knows that Aurobindo's ANDA Product and its proposed labeling are especially made or adapted for use in infringing the '489 patent, that Aurobindo's ANDA Product is not a staple article or commodity of commerce, and that Aurobindo's ANDA Product and its proposed labeling are not suitable for substantial noninfringing use. 85. The foregoing actions by Aurobindo constitute and/or will constitute infringement of the '489 patent; active inducement of infringement of the '489 patent; and contribution to the infringement by others of the '489 patent.

86. On information and belief, Aurobindo has acted with full knowledge of the '489 patent and without a reasonable basis for believing that it would not be liable for infringement of the '489 patent; active inducement of infringement of the '489 patent; and/or contribution to the infringement by others of the '489 patent.

87. Pfizer will be substantially and irreparably damaged by infringement of the '489 patent.

The purpose of this submission was to obtain approval under the FDCA to engage in the commercial manufacture, use, offer for sale, sale and/or importation of Aurobindo's ANDA Product prior to the expiration of the '489 patent.

93. In Aurobindo's Notice Letter, Aurobindo also notified Pfizer that, as part of its ANDA, Aurobindo had filed certifications of the type described in Section 505(j)(2)(B)(iv) of the FDCA, 21 U.S.C. § 355 (j)(2)(B)(iv), with respect to the '489 patent. On information and belief, Aurobindo submitted its ANDA to the FDA containing certifications pursuant to 21 U.S.C. § 355(j)(2)(A)(vii)(IV) asserting that the '489 patent is invalid, unenforceable, and/or will not be infringed by the manufacture, use, offer for sale, sale, and/or importation of Aurobindo's ANDA Product.

94. Aurobindo's ANDA Product and the use of Aurobindo's ANDA Product are covered by at least claims 1–7 and 9 of the '489 patent.

95. In Aurobindo's Notice Letter, Aurobindo did not contest the infringement of claim 1–7 and 9 of the '489 patent on any basis other than the alleged invalidity of those claims.

96. Aurobindo's submission of Aurobindo's ANDA for the purpose of obtaining approval to engage in the commercial manufacture, use, offer for sale, sale, and/or importation of Aurobindo's ANDA Product before the expiration of the '489 patent was an act of infringement of the '489 patent under 35 U.S.C. § 271(e)(2)(A).

97. On information and belief, Aurobindo will engage in the manufacture, use, offer for sale, sale, marketing, distribution, and/or importation of Aurobindo's ANDA Product immediately and imminently upon approval of its ANDA.

98. The manufacture, use, sale, offer for sale, or importation of Aurobindo's ANDA Product would infringe one or more claims of the '489 patent, including, *inter alia*, claims 1–7 and 9 of the '489 patent.

99. On information and belief, the manufacture, use, sale, offer for sale, or importation of Aurobindo's ANDA Product in accordance with, and as directed by, its proposed product labeling would infringe one or more claims of the '489 patent, including, *inter alia*, claims 1–7 and 9 of the '489 patent.

100. On information and belief, Aurobindo plans and intends to, and will, actively induce infringement of the '489 patent when Aurobindo's ANDA is approved, and plans and intends to, and will, do so immediately and imminently upon approval. Aurobindo's activities will be done with knowledge of the '489 patent and specific intent to infringe that patent.

101. On information and belief, Aurobindo knows that Aurobindo's ANDA Product and its proposed labeling are especially made or adapted for use in infringing the '489 patent, that Aurobindo's ANDA Product is not a staple article or commodity of commerce, and that Aurobindo's ANDA Product and its proposed labeling are not suitable for substantial noninfringing use. On information and belief, Aurobindo plans and intends to, and will, contribute to infringement of the '489 patent immediately and imminently upon approval of Aurobindo's ANDA.

102. Notwithstanding Aurobindo's knowledge of the claims of the '489 patent, Aurobindo has continued to assert its intent to manufacture, offer for sale, sell, distribute, and/or

import Aurobindo's ANDA Product with its product labeling following FDA approval of Aurobindo's ANDA prior to the expiration of the '489 patent.

103. The foregoing actions by Aurobindo constitute and/or will constitute infringement of the '489 patent; active inducement of infringement of the '489 patent; and contribution to the infringement by others of the '489 patent.

104. On information and belief, Aurobindo has acted with full knowledge of the '489 patent and without a reasonable basis for believing that it would not be liable for infringement of the '489 patent; active inducement of infringement of the '489 patent; and/or contribution to the infringement by others of the '489 patent.

105. Pfizer will be substantially and irreparably damaged by infringement of the '489 patent.

106. The Court should declare that the commercial manufacture, use, sale, offer for sale or importation of Aurobindo's ANDA Product with its proposed labeling, or any other Aurobindo drug product that is covered by or whose use is covered by the '489 patent, will infringe, induce the infringement of, and contribute to the infringement by others of the '489 patent, and that the claims of the '489 patent are not invalid.

COUNT V - INFRINGEMENT OF THE '168 PATENT

107. Pfizer incorporates each of the preceding paragraphs 1–106 as if fully set forth herein.

114. In Aurobindo's Notice Letter, Aurobindo also notified Pfizer that, as part of its ANDA, Aurobindo had filed certifications of the type described in Section 505(j)(2)(B)(iv) of the FDCA, 21 U.S.C. § 355 (j)(2)(B)(iv), with respect to the '168 patent. On information and belief, Aurobindo submitted its ANDA to the FDA containing certifications pursuant to 21 U.S.C. § 355(j)(2)(A)(vii)(IV) asserting that the '168 patent is invalid, unenforceable, and/or will not be infringed by the manufacture, use, offer for sale, sale, and/or importation of Aurobindo's ANDA Product.

115. The use of Aurobindo's ANDA Product is covered by claims 1–4 of the '168 patent.

118. The manufacture, use, sale, offer for sale, or importation of Aurobindo's ANDA Product would directly and/or indirectly infringe claims 1–4 of the '168 patent.

119. On information and belief, the manufacture, use, sale, offer for sale, or importation of Aurobindo's ANDA Product in accordance with, and as directed by, its proposed product labeling would directly and/or indirectly infringe claims 1–4 of the '168 patent.

120. On information and belief, Aurobindo plans and intends to, and will, actively induce infringement of the '168 patent when Aurobindo's ANDA is approved, and plans and intends to, and will, do so immediately and imminently upon approval. Aurobindo's activities will be done with knowledge of the '168 patent and specific intent to infringe that patent.

121. On information and belief, Aurobindo knows that Aurobindo's ANDA Product and its proposed labeling are especially made or adapted for use in infringing the '168 patent, that Aurobindo's ANDA Product is not a staple article or commodity of commerce, and that Aurobindo's ANDA Product and its proposed labeling are not suitable for substantial noninfringing use. On information and belief, Aurobindo plans and intends to, and will, contribute to infringement of the '168 patent immediately and imminently upon approval of Aurobindo's ANDA.

122. Notwithstanding Aurobindo's knowledge of the claims of the '168 patent, Aurobindo has continued to assert its intent to manufacture, offer for sale, sell, distribute, and/or

import Aurobindo's ANDA Product with its product labeling following FDA approval of Aurobindo's ANDA prior to the expiration of the '168 patent.

123. The foregoing actions by Aurobindo constitute and/or will constitute infringement of the '168 patent; active inducement of infringement of the '168 patent; and contribution to the infringement by others of the '168 patent.

124. On information and belief, Aurobindo has acted with full knowledge of the '168 patent and without a reasonable basis for believing that it would not be liable for infringement of the '168 patent; active inducement of infringement of the '168 patent; and/or contribution to the infringement by others of the '168 patent.

125. Pfizer will be substantially and irreparably damaged by infringement of the '168 patent.

126. Unless Aurobindo is enjoined from infringing the '168 patent, actively inducing infringement of the '168 patent, and contributing to the infringement by others of the '168 patent, Pfizer will suffer irreparable injury. Pfizer has no adequate remedy at law.

**COUNT VI - DECLARATORY JUDGMENT
OF INFRINGEMENT OF THE '168 PATENT**

127. Pfizer incorporates each of the preceding paragraphs 1–126 as if fully set forth herein.

128. The Court may declare the rights and legal relations of the parties pursuant to 28 U.S.C. §§ 2201 and 2202 because there is a case of actual controversy between Pfizer on the one hand and Aurobindo on the other regarding Aurobindo's infringement, active inducement of infringement, and contribution to the infringement by others of the '168 patent, and/or validity of the '612 patent.

129. The '168 patent claims, *inter alia*, “[a] method of treating breast cancer in a mammal comprising administering to said mammal an amount of a compound of” the formula recited in claim 1 of the '168 patent.

130. In Aurobindo's Notice Letter, Aurobindo notified Pfizer of the submission of Aurobindo's ANDA to the FDA. The purpose of this submission was to obtain approval under the FDCA to engage in the commercial manufacture, use, offer for sale, sale and/or importation of Aurobindo's ANDA Product prior to the expiration of the '168 patent.

131. In Aurobindo's Notice Letter, Aurobindo also notified Pfizer that, as part of its ANDA, Aurobindo had filed certifications of the type described in Section 505(j)(2)(B)(iv) of the FDCA, 21 U.S.C. § 355 (j)(2)(B)(iv), with respect to the '168 patent. On information and belief, Aurobindo submitted its ANDA to the FDA containing certifications pursuant to 21 U.S.C. § 355(j)(2)(A)(vii)(IV) asserting that the '168 patent is invalid, unenforceable, and/or will not be infringed by the manufacture, use, offer for sale, sale, and/or importation of Aurobindo's ANDA Product.

132. The use of Aurobindo's ANDA Product is covered by claims 1–4 of the '168 patent.

133. Aurobindo's submission of Aurobindo's ANDA for the purpose of obtaining approval to engage in the commercial manufacture, use, offer for sale, sale, and/or importation of Aurobindo's ANDA Product before the expiration of the '168 patent was an act of infringement of the '168 patent under 35 U.S.C. § 271(e)(2)(A).

135. The manufacture, use, sale, offer for sale, or importation of Aurobindo's ANDA Product would directly and/or indirectly infringe claims 1–4 of the '168 patent.

136. On information and belief, the manufacture, use, sale, offer for sale, or importation of Aurobindo's ANDA Product in accordance with, and as directed by, its proposed product labeling would directly and/or indirectly infringe claims 1–4 of the '168 patent.

138. On information and belief, Aurobindo knows that Aurobindo's ANDA Product and its proposed labeling are especially made or adapted for use in infringing the '168 patent, that Aurobindo's ANDA Product is not a staple article or commodity of commerce, and that Aurobindo's ANDA Product and its proposed labeling are not suitable for substantial noninfringing use. On information and belief, Aurobindo plans and intends to, and will, contribute to infringement of the '168 patent immediately and imminently upon approval of Aurobindo's ANDA.

139. Notwithstanding Aurobindo's knowledge of the claims of the '168 patent, Aurobindo has continued to assert its intent to manufacture, offer for sale, sell, distribute, and/or import Aurobindo's ANDA Product with its product labeling following FDA approval of Aurobindo's ANDA prior to the expiration of the '168 patent.

140. The foregoing actions by Aurobindo constitute and/or will constitute infringement of the '168 patent; active inducement of infringement of the '168 patent; and contribution to the infringement by others of the '168 patent.

141. On information and belief, Aurobindo has acted with full knowledge of the '168 patent and without a reasonable basis for believing that it would not be liable for infringement of the '168 patent; active inducement of infringement of the '168 patent; and/or contribution to the infringement by others of the '168 patent.

142. Pfizer will be substantially and irreparably damaged by infringement of the '168 patent.

143. The Court should declare that the commercial manufacture, use, sale, offer for sale or importation of Aurobindo's ANDA Product with its proposed labeling, or any other Aurobindo drug product that is covered by or whose use is covered by the '168 patent, will infringe, induce the infringement of, and contribute to the infringement by others of the '168 patent, and that the claims of the '168 patent are not invalid.
