### **JURISDICTION AND VENUE**

- 6. This is an action for patent infringement under the Patent Laws of the United States, 35 U.S.C. § 1 *et seq.*, including 35 U.S.C. § 271.
- 7. This Court has subject matter jurisdiction pursuant to 28 U.S.C. §§ 1331 and 1338(a) because this action arises under the patent laws of the United States, including 35 U.S.C. § 1 *et seq*.

### **FACTS**

- 10. DynaEnergetics is a leader in the field of well completion, perforating, well abandonment, and seismic technologies. DynaEnergetics has a long history of technological innovation, including innovation in the manufacture of detonators, detonating cords, perforating hardware, and complete perforating systems.
- 11. In connection with its research and development efforts, DynaEnergetics has developed a groundbreaking invention for a wireless detonator assembly, a perforating gun assembly, and a method of assembling the perforating gun assembly. This invention is currently protected by multiple United States patents, including U.S. Patent No. 9,581,422 (the "'422 Patent"), entitled "PERFORATING GUN AND DETONATOR ASSEMBLY." The '422 Patent was duly and legally issued on February 28, 2017 to DynaEnergetics GmbH & Co. KG. A true and accurate copy of the '422 Patent is attached hereto and incorporated herein by reference as **Exhibit A**.
- DynaEnergetics makes, offers to sell, and sells a wireless detonator product that practices the '422 Patent. DynaEnergetics GmbH exclusively licenses DynaEnergetics US to make, offer to sell, and sell wireless detonator products that practice the '422 Patent in the United States. DynaEnergetics has been marking the covered products in accordance with 35 U.S.C. § 287 since at least as early as August 2017.

- 13. Defendants are competitors of DynaEnergetics, including in the field of perforating systems. Defendants have, upon information and belief, either alone or in concert, manufactured, used, sold, or offered to sell the Hunting Titan H-2 Perforating System<sup>TM</sup> in the United States, including within the State of Texas and within this District. Upon information and belief, the H-2 Perforating System<sup>TM</sup> infringes one or more claims of the '422 Patent, including at least Claims 1 and 5, as set forth in the claim chart attached hereto and incorporated herein by reference as **Exhibit B**.
- 14. Upon information and belief, Defendants have known of the '422 Patent and their infringing activities since at least as early as February 25, 2019. Further, upon information and belief, Defendants have had actual notice of the '422 Patent since at least as early as August 2017. *See DynaEnergetics GmbH & Co. KG v. Hunting Titan, Ltd.*, No. 4:17-cv-03784 (S.D. Tex.) (currently stayed).
- 15. Because Defendants are using infringing technology to compete directly with DynaEnergetics, they are causing irreparable harm to DynaEnergetics, thereby forcing DynaEnergetics to bring this lawsuit to protect its intellectual property.

## **COUNT I – INFRINGEMENT OF THE '422 PATENT**

- 16. DynaEnergetics repeats and incorporates by reference the allegations contained in the foregoing paragraphs, as if stated fully herein.
- 17. DynaEnergetics is the owner of the '422 Patent, with all substantive rights in and to that patent, including the sole and exclusive right to prosecute this action and enforce the '422 Patent against infringers, and to collect damages for all relevant times.
- 18. Defendants have, either alone or in concert, directly infringed and continue to infringe the '422 Patent, either literally or through the doctrine of equivalents, by making, using,

4

importing, supplying, distributing, selling and/or offering for sale the H-2 Perforating System<sup>TM</sup> within the United States, in violation of 35 U.S.C. § 271(a).

- 19. Upon information and belief, Defendants have made and are continuing to make unlawful gains and profits from their infringement of the '422 Patent.
- 20. At least since February 25, 2019, Defendants have been on notice of, and have had knowledge of, the '422 Patent and of DynaEnergetics' allegations of infringement. Defendants' infringement of the '422 Patent has been willful and deliberate at least since this date.
- 21. DynaEnergetics has been damaged and irreparably harmed by Defendants' infringement of the '422 Patent for which DynaEnergetics is entitled to relief under 35 U.S.C. § 284. DynaEnergetics will continue to suffer damages and irreparable harm unless Defendants are enjoined preliminarily and permanently by this Court from continuing their infringement.

### **ATTORNEYS' FEES**

22. Pursuant to 35 U.S.C. § 285, DynaEnergetics is entitled to and hereby demands its reasonable attorneys' fees in this case.

## **JURY DEMAND**

23. Pursuant to Rule 38 of the Federal Rules of Civil Procedure, DynaEnergetics respectfully requests a trial by jury of any issues so triable.
