STATEMENT OF FACTS

- 14. This action arises because of Mutual's efforts to gain approval from the United States Food and Drug Administration ("FDA") to market a generic copy of Roche's Boniva[®] Once-Monthly drug product prior to the expiration of Roche's patent rights covering it. The FDA approved Roche's Boniva[®] Once-Monthly drug product for marketing in the United States under Plaintiff Roche's New Drug Application ("NDA") No. 21-455, pursuant to section 505(b) of the Federal Food Drug and Cosmetics Act ("FFDCA"), 21 U.S.C. § 355(b).
- 15. With the passage of the Hatch-Waxman Act in 1984, the FFDCA provisions regarding the generic drug approval process were amended in several important respects. One provision requires innovator drug companies to submit patent information to the FDA "with respect to which a claim of patent infringement could reasonably be asserted if a person not licensed by the owner engaged in the manufacture, use, or sale of the drug." 21 U.S.C. § 355(b)(1). The FDA then publishes the submitted patent information in a publication entitled "Approved Drug Products with Therapeutic Equivalence Evaluations" (commonly referred to as the "Orange Book"). Whenever a new patent is issued, the innovator drug company must submit the patent information to the FDA not later than thirty days after the patent was issued. 21 U.S.C. § 355(c)(2). The FDA publishes new patent information in updates to the Orange Book.

- 16. In compliance with the statutory obligation, Plaintiff Roche has submitted patent information to the FDA in connection with its NDA No. 21-455 for Roche's Boniva[®] Once-Monthly drug product, and the FDA has published the same in the Orange Book.
- 17. The Hatch-Waxman Act further amended the FFDCA to permit generic drug companies to gain approval of generic copies of innovator drugs (also called the "reference drug" or "listed drug") by referencing studies performed by the innovator, without having to expend the same considerable investment in time and resources. Thus, generic drug companies are permitted to file what is referred to as an ANDA under 21 U.S.C. § 355(j). When filing an ANDA, generic drug companies are required, *inter alia*, to review the patent information that the FDA listed in the Orange Book for the reference drug and make a statutory certification (commonly called "patent certification") with respect to same. This statutory patent certification is mandatory with respect to any patent which claims the listed drug or which claims a use for such listed drug for which the generic drug company is seeking approval and for which information is required to be filed under 21 U.S.C. §§ 355(b) or (c).
- 18. The generic drug company may state that it does not seek FDA approval to market its generic drug product prior to patent expiration (a "Paragraph III certification"). 21 U.S.C. § 355(j)(2)(A)(vii)(III). Alternatively, the generic drug company may seek FDA approval to market its generic drug product prior to patent expiration by stating in its ANDA that it challenges whether the listed patent is "invalid or will not be infringed ..." (commonly called a "Paragraph IV certification"). 21 U.S.C. § 355 (j)(2)(A)(vii)(IV).

- 19. On information and belief, Mutual has filed ANDA No. 78-996 with the FDA seeking approval to market a 150 mg generic copy of Roche's Boniva[®] Once-Monthly drug product prior to expiration of Roche's patent rights.
- 20. On or about July 30, 2007, Roche received letters signed by E. Brendan Magrab, Esq., Executive Vice President of Commercial Operations, General Counsel of Mutual, purporting to be notice of Mutual Pharmaceutical's filing of an ANDA seeking to market a generic copy of Roche's Boniva[®] Once-Monthly drug product and allegedly containing a Paragraph IV certification required by 21 U.S.C. § 355(j)(2)(B)(i) and (ii), with respect to two of Roche's patents that are currently listed in the Orange Book for Roche's Boniva[®] Once-Monthly drug product. (Mutual's "Paragraph IV Notice").
- 21. Mutual's Paragraph IV Notice to Roche stated Mutual's intention to seek approval to market a generic copy of Roche's Boniva[®] Once-Monthly drug product prior to expiration of two of Roche's patents listed in the Orange Book, namely U.S. Patent No. 7,192,938 ("the '938 Patent"), expiring May 6, 2023, and U.S. Patent No. 6,294,196 ("the '196 Patent"), expiring October 7, 2019. Notwithstanding the United States Patent and Trademark Office's grant of patent protection to Roche, Mutual asserted in its Paragraph IV Notice that these patents were invalid, unenforceable, or would not be infringed.
- 22. On September 11, 2007, Roche filed an action for patent infringement of both of the '938 and '196 Patents in <u>Hoffmann-La Roche Inc. v. Mutual Pharmaceutical Company, Inc.</u>, Civil Action No. 07-4350 (SRC)(MAS), which has been dismissed without prejudice.
- 23. On August 12, 2008, the United States Patent and Trademark Office duly and legally issued Bauss *et al.*, U.S. Patent No. 7,410,957 ("the '957 Patent") to Plaintiff Roche. The

'957 Patent was issued from U.S. Patent Application Serial No. 10/430,007, filed May 6, 2003, and is related to the '938 Patent, which issued on March 20, 2007.

- 24. Accordingly, pursuant to 21 U.S.C. § 355(c)(2), Roche submitted patent information for the '957 Patent to the FDA in connection with its NDA No. 21-455 for Roche's Boniva® Once-Monthly drug product. The FDA has published the same in the Orange Book.
- 25. On August 12, 2008 Roche filed an action for patent infringement of the '957 Patent in Hoffmann-La Roche Inc. v. Mutual Pharmaceutical Company, Inc., Civil Action No. 08-4060 (SRC)(MAS), which has been dismissed without prejudice.
- 26. On or about May 18, 2010, the United States Patent and Trademark Office duly and legally issued Bauss *et al.*, U.S. Patent No. 7,718,634 ("the '634 Patent") to Plaintiff Roche. A true and correct copy of the '634 Patent is attached hereto as **Exhibit A**. The '634 Patent was issued from U.S. Patent Application Serial No. 12/139,587, filed June 16, 2008, and is a continuation of the patent application that matured into the '957 Patent, which issued on August 12, 2008.
- 27. Accordingly, pursuant to 21 U.S.C. § 355(c)(2), Roche submitted patent information for the '634 Patent to the FDA in connection with its NDA No. 21-455 for Roche's Boniva® Once-Monthly drug product. The FDA has published the same in the Orange Book.
- 28. Roche's '634 Patent discloses and claims, *inter alia*, a method for treating or inhibiting postmenopausal osteoporosis in a postmenopausal woman in need of treatment or inhibition of postmenopausal osteoporosis by administration of a pharmaceutically acceptable salt of ibandronic acid, consisting essentially of orally administering to the postmenopausal

woman, once monthly on a single day, a tablet comprising an amount of the pharmaceutically acceptable salt of ibandronic acid that is equivalent to about 150 mg of ibandronic acid.

- 29. On or about November 8, 2010, Roche received a letter from E. Brendan Magrab, Esq., Executive Vice President of Commercial Operations, General Counsel of Mutual, purporting to be a notice of Mutual's Paragraph IV certification required by 21 U.S.C. § 355(j)(2)(B), with respect to Roche's '634 Patent that is currently listed in the Orange Book. (Mutual's "634 Patent Paragraph IV Notice").
- 30. Mutual's '634 Patent Paragraph IV Notice to Roche states Mutual's intention to seek approval to market a generic version of Roche's Boniva[®] Once-Monthly drug product prior to expiration of Roche's patent listed in the Orange Book, namely U.S. Patent No. 7,718,634, expiring May 6, 2023. Notwithstanding the United States Patent and Trademark Office's grant of patent protection to Roche, Mutual asserts in '634 Patent Paragraph IV Notice that the '634 patent is invalid and would not be infringed.

COUNT ONE

- 31. Plaintiff Roche incorporates each of the preceding paragraphs 1 through 30 as if fully set forth herein.
- 32. Plaintiff Roche is the assignee of the 634 Patent and has all rights needed to bring this action in Plaintiff Roche's own name.
- 33. Roche's '634 Patent is a patent with respect to which a claim of patent infringement could reasonably be asserted if a person not licensed by Roche engaged in the manufacture, use, or sale of Roche's Boniva[®] Once-Monthly drug product.

- 34. The '634 Patent is listed in the Orange Book, maintained by the FDA, as a patent "with respect to which a claim of patent infringement could reasonably be asserted if a person not licensed by the owner engaged in the manufacture, use, or sale of the drug." 21 U.S.C. § 355(b)(1).
- 35. On information and belief, Mutual has provided a Paragraph IV certification under 21 U.S.C. § 355(j)(2)(A)(vii)(IV) alleging that the '634 Patent is invalid or will not be infringed by the manufacture, use, or sale of the generic copy of Boniva® Once-Monthly drug product covered by Mutual's ANDA No. 78-996.
- 36. Additionally, healthcare providers administering and/or patients using Mutual's proposed generic copy of Roche's Boniva® Once-Monthly drug product within the United States in the manner and for the indications described in Mutual's ANDA No. 78-996 will be direct infringers of Roche's 634 Patent under 35 U.S.C. § 271(a). On information and belief, the healthcare providers' and/or patients' infringing use of Mutual's proposed generic copy of Roche's Boniva® Once-Monthly drug product in a method claimed in Roche's '634 Patent will occur with Mutual's contribution and inducement and with Mutual's intent, knowledge, and encouragement.
- 37. Mutual has committed an act of infringement of the '634 Patent that creates a justiciable case or controversy between Roche and Mutual. Pursuant to 35 U.S.C. § 271(e)(2)(A), Mutual committed an act of infringement by filing an ANDA with a Paragraph IV certification that seeks FDA marketing approval for Mutual's generic copy of Roche's Boniva® Once-Monthly drug product prior to expiration of Roche's '634 Patent. This Court has subject matter jurisdiction with respect to this action to declare Roche's rights under the '634 Patent.

- 38. Plaintiff Roche is entitled to the relief provided by 35 U.S.C. § 271(e)(4), including, *inter alia*, an order of this Court that the effective date of approval for Mutual's ANDA be a date which is not earlier than the May 6, 2023 expiration date of the '634 Patent.
- 39. Plaintiff Roche is entitled to a declaration that, if Mutual commercially manufactures, uses, offers for sale or sells Mutual's proposed generic copy of Roche's Boniva[®] Once-Monthly drug product within the United States, imports Mutual's proposed generic copy of Roche's Boniva[®] Once-Monthly drug product into the United States, or induces or contributes to such conduct, Mutual would infringe the '634 Patent under 35 U.S.C. § 271.
- 40. Plaintiff Roche will be irreparably harmed by Mutual's infringing activities unless those activities are enjoined by this Court. Plaintiff Roche does not have an adequate remedy at law.
- 41. This is an exceptional case and Roche is entitled to an award of reasonable attorneys fees from Mutual.

RELIEF SOUGHT

WHEREFORE, Plaintiff requests:

- A) A judgment and decree that the '634 Patent is valid and enforceable;
- B) A judgment that Mutual infringed Roche's '634 Patent under 35 U.S.C. § 271(e)(2)(A) by submitting the aforesaid ANDA with a Paragraph IV Certification seeking to market Mutual's generic version of Boniva® Once-Monthly prior to the expiration of the '634 patent;

- C) An Order pursuant to 35 U.S.C. § 271(e)(4) that the effective date of any FDA approval of Mutual's ANDA No. 78-996 be a date that is not earlier than the expiration date for the '634 Patent;
- D) A judgment that Mutual would infringe, contribute to and induce infringement of Roche's 634 Patent upon marketing of Mutual's generic copy of Roche's Boniva[®] Once-Monthly drug product after grant of FDA approval and during the unexpired term of Roche's '634 Patent;
- E) A permanent injunction pursuant to 35 U.S.C. § 271 restraining and enjoining Mutual and its officers, agents, servants and employees, and those persons in active concert or participation with any of them, from engaging in the commercial manufacture, use, offer to sell, or sale within the United States, or importation into the United States, of the proposed generic copy of Roche's Boniva[®] Once-Monthly drug product identified in this Complaint, and any other product that infringes or induces or contributes to the infringement of the '634 Patent, prior to the expiration date of the '634 Patent;
 - F) An award of attorneys fees from Mutual under 35 U.S.C. § 285; and
 - G) Such other and further relief as the Court may deem just and proper.
