#### **COUNT 1: INFRINGEMENT OF THE '790 PATENT**

11. Plaintiff incorporates the above paragraphs herein by reference.

12. **Direct Infringement.** Defendant has been and continues to directly infringe one or more claims of the '790 Patent in at least this District by making, using, offering to sell, selling and/or importing, without limitation, at least the Defendant products identified in the charts incorporated into this Count below (among the "Exemplary Defendant Products") that infringe at least the exemplary claims of the '790 Patent also identified in the charts incorporated into this Count below (the "Exemplary '790 Patent Claims") literally or by the doctrine of equivalents. On information and belief, numerous other devices that infringe the claims of the '790 Patent have been made, used, sold, imported, and offered for sale by Defendant and/or its customers.

As set forth in these charts, the Exemplary Defendant Products practice the technology claimed by the '790 Patent. Accordingly, the Exemplary Defendant Products incorporated in these charts satisfy all elements of the Exemplary '790 Patent Claims.

See Exhibit 4 (extensively referencing these materials to demonstrate how they direct end users to commit patent infringement).

25. **Induced Infringement.** At least since being served by this Complaint and corresponding claim charts, Defendant has actively, knowingly, and intentionally continued to induce infringement of the '242 Patent, literally or by the doctrine of equivalents, by selling Exemplary Defendant Products to their customers for use in end-user products in a manner that infringes one or more claims of the '242 Patent.
