(Filed Electronically)

Plaintiff Intra-Cellular Therapies, Inc. (“Intra-Cellular Therapies,” “ITCI,” or “Plaintiff”), by its attorneys, files this Complaint for patent infringement against Aurobindo Pharma Ltd. and Aurobindo Pharma USA, Inc. (collectively, “Aurobindo”) and hereby alleges as follows:

Nature of the Action

1. This is an action for patent infringement under the patent laws of the United States, 35 U.S.C. § 100 *et seq.*, and for a declaratory judgment of patent infringement under 28 U.S.C. §§ 2201 and 2202 and the patent laws of the United States, 35 U.S.C. § 100 *et seq.*, that arises out of Aurobindo’s submission of an Abbreviated New Drug Application (“ANDA”) to the U.S. Food and Drug Administration (“FDA”) seeking approval to commercially manufacture, use, offer for sale, sell, and/or import a generic version of CAPLYTA® (lumateperone) capsules, 42 mg, prior to the expiration of U.S. Patent Nos. 9,956,227 (“the ’227 patent”), 10,695,345 (“the ’345 patent”), 10,960,009 (“the ’009 patent”), 11,026,951 (“the ’951 patent”), 11,690,842 (“the ’842 patent”), 11,753,419 (“the ’419 patent”), 11,806,348 (“the ’348 patent”), and RE48,839 (“the RE ’839 patent”). Jurisdiction

11. Plaintiff incorporates each of the preceding paragraphs as if fully set forth herein.

12. Jurisdiction is proper in this Court pursuant to 28 U.S.C. §§ 1331, 1338(a), and 2201 and 2202.

13. This Court has personal jurisdiction over each of Aurobindo Pharma Ltd. and Aurobindo Pharma USA, Inc.

14. Aurobindo Pharma Ltd. is subject to personal jurisdiction in New Jersey because, among other things, Aurobindo Pharma Ltd., itself and through its subsidiary Aurobindo Pharma USA, Inc., has purposefully availed itself of the benefits and protections of New Jersey's laws such that it should reasonably anticipate being haled into court here. Upon information and belief, Aurobindo Pharma Ltd., itself and through its subsidiary Aurobindo Pharma USA, Inc., develops, manufactures, imports, markets, offers to sell, and/or sells generic drugs throughout the United States, including in the State of New Jersey and therefore transacts business within the State of New Jersey, and/or has engaged in systematic and continuous business contacts within the State of New Jersey. In addition, Aurobindo Pharma Ltd. is subject to personal jurisdiction in New Jersey because, upon information and belief, it controls Aurobindo Pharma USA, Inc. and therefore the activities of Aurobindo Pharma USA, Inc. in this jurisdiction are attributed to Aurobindo Pharma Ltd.

15. Aurobindo Pharma USA, Inc. is subject to personal jurisdiction in New Jersey because, among other things, it has purposely availed itself of the benefits and protections of New Jersey's laws such that it should reasonably anticipate being haled into court here. Aurobindo

Pharma USA, Inc. is a corporation having a principal place of business in the State of New Jersey, is qualified to do business in New Jersey, and has appointed a registered agent for service of process in New Jersey. It therefore has consented to general jurisdiction in New Jersey. In addition, upon information and belief, Aurobindo Pharma USA, Inc. develops, manufactures, imports, markets, offers to sell, and/or sells generic drugs throughout the United States, including in the State of New Jersey and therefore transacts business within the State of New Jersey related to Plaintiff's claims, and/or has engaged in systematic and continuous business contacts within the State of New Jersey.

16. Aurobindo has previously used the process contemplated by the Hatch-Waxman Act to challenge branded pharmaceutical companies' patents by filing a certification of the type described in Section 505(j)(2)(A)(vii)(IV) of the FDCA, 21 U.S.C. § 355(j)(2)(A)(vii)(IV), serving a notice letter on those companies, and engaging in patent litigation arising from the process contemplated by the Hatch-Waxman Act.

17. Upon information and belief, Aurobindo, with knowledge of the Hatch-Waxman Act process, directed Aurobindo's Notice Letter to Plaintiff. Upon information and belief, Aurobindo knew when it did so that it was triggering the forty-five-day period for Plaintiff to bring an action for patent infringement under the Hatch-Waxman Act. Aurobindo has been a litigant in connection with other infringement actions under the Hatch-Waxman Act, and reasonably should have anticipated that by sending Aurobindo's Notice Letter to Plaintiff it would be sued for patent infringement in New Jersey, where Aurobindo Pharma USA, Inc. is located.

18. Upon information and belief, if Aurobindo's ANDA is approved, Aurobindo will directly or indirectly manufacture, market, sell, and/or distribute Aurobindo's ANDA Product within the United States, including in New Jersey, consistent with Aurobindo's practices for the marketing and distribution of other generic pharmaceutical products. Upon information and belief,

Aurobindo regularly does business in New Jersey, and its practices with other generic pharmaceutical products have involved placing those products into the stream of commerce for distribution throughout the United States, including in New Jersey. Upon information and belief, Aurobindo's generic pharmaceutical products are used and/or consumed within and throughout the United States, including in New Jersey. Upon information and belief, Aurobindo's ANDA Product will be prescribed by physicians practicing in New Jersey, dispensed by pharmacies located within New Jersey, and used by patients in New Jersey. Each of these activities would have a substantial effect within New Jersey and would constitute infringement of the Patents-in-Suit in the event that Aurobindo's ANDA Product is approved before the patents expire.

19. Upon information and belief, Aurobindo derives substantial revenue from generic pharmaceutical products that are used and/or consumed within New Jersey, and which are manufactured by Aurobindo and/or Aurobindo Pharma USA, Inc. or Aurobindo Pharma Ltd. Upon information and belief, various products for which Aurobindo Pharma Ltd. or Aurobindo Pharma USA, Inc. is the named applicant on approved ANDAs are available at retail pharmacies in New Jersey.

Venue

20. Plaintiff incorporates each of the preceding paragraphs as if fully set forth herein.

21. Venue is proper in this district as to Aurobindo Pharma USA, Inc. pursuant to 28 U.S.C. §§ 1391 and 1400(b) because, *inter alia*, Aurobindo Pharma USA, Inc. is a corporation having a principal place of business in the State of New Jersey and is subject to personal jurisdiction in this judicial district.

22. Venue is proper in this district as to Aurobindo Pharma Ltd. pursuant to 28 U.S.C. §§ 1391 and/or 1400(b) because, *inter alia*, Aurobindo Pharma Ltd. is a company organized and

existing under the laws of the Republic of India and is subject to personal jurisdiction in this judicial district.

Factual Background

23. Plaintiff incorporates each of the preceding paragraphs as if fully set forth herein.

24. CAPLYTA®, which contains lumateperone, is approved for the treatment of schizophrenia in adults, as well as depressive episodes associated with bipolar I or II disorder (bipolar depression) in adults, as monotherapy and as adjunctive therapy with lithium or valproate.

25. In Aurobindo's Notice Letter, Aurobindo stated that the subject of Aurobindo's ANDA is lumateperone capsules, 42 mg. In Aurobindo's Notice Letter, Aurobindo stated that Aurobindo's ANDA was submitted under 21 U.S.C. § 355(j)(1) & (2)(a) and contended that Aurobindo's ANDA contains bioavailability and/or bioequivalence studies for Aurobindo's ANDA Product. Upon information and belief, Aurobindo's ANDA Product is a generic version of CAPLYTA®.

26. In Aurobindo's Notice Letter, Aurobindo stated that it had submitted Paragraph IV certifications to the FDA alleging that the Patents-in-Suit are invalid, unenforceable, and/or not infringed, and that Aurobindo is seeking approval to engage in the commercial manufacture, use, sale, offer for sale, and/or importation of Aurobindo's ANDA Product prior to the expiration of the Patents-in-Suit.

27. The purpose of Aurobindo's submission of Aurobindo's ANDA was to obtain approval under the Federal Food, Drug, and Cosmetic Act (the "FDCA") to engage in the commercial manufacture, use, offer for sale, sale, and/or importation of Aurobindo's ANDA Product prior to the expiration of the Patents-in-Suit.

28. Upon information and belief, Aurobindo's ANDA Product is not publicly available, nor is ANDA No. 219085 accessible to the public.

29. In Aurobindo's Notice Letter, Aurobindo included an Offer of Confidential Access to a redacted version of Aurobindo's ANDA, and Aurobindo's offer was subject to various unreasonably restrictive conditions.

30. Counsel for Plaintiff contacted counsel for Aurobindo to discuss the terms of Aurobindo's Offer of Confidential Access, but counsel for Aurobindo never responded. The parties therefore could not agree on terms under which Plaintiff could review, among other things, Aurobindo's unredacted ANDA, any Drug Master File referred to therein, or all relevant characterization data, or under which Aurobindo could produce samples of Aurobindo's ANDA Product and other internal documents and material relevant to infringement.

31. This action is being commenced within 45 days from the date Plaintiff received Aurobindo's Notice Letter.

Count I—Infringement of the RE '839 Patent

32. Plaintiff incorporates each of the preceding paragraphs as if fully set forth herein.

33. The RE '839 patent, entitled "Methods and Compositions for Sleep Disorders and Other Disorders" (attached as Exhibit A), was duly and legally issued on December 7, 2021.

34. The inventors named on the RE '839 patent are Sharon Mates, Allen Fienberg, and Lawrence Wennogle.

35. Plaintiff is the owner and assignee of the RE '839 patent.

36. CAPLYTA® is covered by one or more claims of the RE '839 patent, which has been listed in connection with CAPLYTA® in the FDA's publication *Approved Drug Products with Therapeutic Equivalence Evaluations* (commonly known as "the Orange Book").

37. In Aurobindo's Notice Letter, Aurobindo notified Plaintiff of the submission of Aurobindo's ANDA to the FDA. The purpose of this submission was to obtain, among other things, approval under the FDCA to engage in the commercial manufacture, use, offer for sale,

sale, and/or importation of Aurobindo's ANDA Product prior to the expiration of the Patents-in-Suit, including the RE '839 patent.

38. In Aurobindo's Notice Letter, Aurobindo also notified Plaintiff that, as part of its ANDA, Aurobindo had filed Paragraph IV certifications with respect to the RE '839 patent. Upon information and belief, Aurobindo submitted its ANDA to the FDA containing Paragraph IV certifications asserting that the RE '839 patent is invalid, unenforceable, and/or will not be infringed by the manufacture, use, offer for sale, sale, and/or importation of Aurobindo's ANDA Product.

39. According to Aurobindo's Notice Letter, Aurobindo's ANDA Product contains lumateperone.

40. Upon information and belief, the use of Aurobindo's ANDA Product in accordance with and as directed by Aurobindo's proposed labeling for that product would infringe one or more claims of the RE '839 patent.

41. As an example, claim 1 of the RE '839 patent recites:

A method for the treatment of one or more 5-HT_{2A}-related disorders, comprising administering to a patient in need thereof a Compound of Formula I:

wherein X is O, —NH or —N(CH₃); and Y is —O— or

—C(O) —, in free or pharmaceutically acceptable salt form, in a dose which selectively blocks the 5-HT_{2A} receptor.

42. Upon information and belief, the use of Aurobindo's ANDA Product in accordance with and as directed by Aurobindo's proposed label would involve treating one or more 5-HT_{2A}-related disorders, including by administering to the patient in need thereof a free or pharmaceutically acceptable salt form of a Formula I compound (which includes lumateperone) in a dose which selectively blocks the 5-HT_{2A} receptor, as recited in claim 1.

43. Upon information and belief, the use of Aurobindo's ANDA Product in accordance with and as directed by Aurobindo's proposed product labeling would infringe one or more claims of the RE '839 patent, literally or under the doctrine of equivalents.

44. Aurobindo's submission of Aurobindo's ANDA for the purpose of obtaining approval to engage in the commercial manufacture, use, offer for sale, sale, and/or importation of Aurobindo's ANDA Product before the expiration of the RE '839 patent was an act of infringement of the RE '839 patent under 35 U.S.C. § 271(e)(2)(A).

45. Upon information and belief, Aurobindo will engage in the manufacture, use, offer for sale, sale, marketing, distribution, and/or importation of Aurobindo's ANDA Product immediately and imminently upon approval of its ANDA.

46. Upon information and belief, the manufacture, use, sale, offer for sale, or importation of Aurobindo's ANDA Product would infringe, literally and/or under the doctrine of equivalents, one or more claims of the RE '839 patent.

47. Upon information and belief, the manufacture, use, sale, offer for sale, or importation of Aurobindo's ANDA Product in accordance with and as directed by its proposed product labeling would infringe one or more claims of the RE '839 patent.

48. Upon information and belief, Aurobindo plans and intends to, and will, actively induce infringement of the RE '839 patent when Aurobindo's ANDA is approved, and plans and intends to, and will, do so immediately and imminently upon approval. Aurobindo's activities will be done with knowledge of the RE '839 patent and specific intent to infringe that patent.

49. Upon information and belief, Aurobindo knows that Aurobindo's ANDA Product and its proposed labeling are especially made or adapted for use in infringing the RE '839 patent, that Aurobindo's ANDA Product is not a staple article or commodity of commerce, and that Aurobindo's ANDA Product and its proposed labeling are not suitable for substantial noninfringing use. Upon information and belief, Aurobindo plans and intends to, and will, contribute to infringement of the RE '839 patent immediately and imminently upon approval of Aurobindo's ANDA.

50. Notwithstanding Aurobindo's knowledge of the claims of the RE '839 patent, Aurobindo has continued to assert its intent to manufacture, offer for sale, sell, distribute, and/or import Aurobindo's ANDA Product with its product labeling following FDA approval of Aurobindo's ANDA prior to the expiration of the RE '839 patent.

51. The foregoing actions by Aurobindo constitute and/or will constitute infringement of the RE '839 patent; active inducement of infringement of the RE '839 patent; and/or contribution to the infringement by others of the RE '839 patent.

52. Upon information and belief, Aurobindo has acted with full knowledge of the RE '839 patent and without a reasonable basis for believing that it would not be liable for infringement of the RE '839 patent; active inducement of infringement of the RE '839 patent; and/or contribution to the infringement by others of the RE '839 patent.

53. Plaintiff will be substantially and irreparably damaged by infringement of the RE '839 patent.

54. Unless Aurobindo is enjoined from infringing the RE '839 patent, actively inducing infringement of the RE '839 patent, and contributing to the infringement by others of the RE '839 patent, Plaintiff will suffer irreparable injury. Plaintiff has no adequate remedy at law.

Count II—Declaratory Judgment of Infringement of the RE '839 Patent

55. Plaintiff incorporates each of the preceding paragraphs as if fully set forth herein.

56. The Court may declare the rights and legal relations of the parties pursuant to 28 U.S.C. §§ 2201 and 2202 because there is a case of actual controversy between Plaintiff on the one hand and Aurobindo on the other regarding Aurobindo's infringement, active inducement of infringement, contribution to the infringement by others of the RE '839 patent, and/or the validity of the RE '839 patent.

57. The Court should declare that the commercial manufacture, use, sale, offer for sale, and/or importation of Aurobindo's ANDA Product with its proposed labeling, or any other Aurobindo drug product that is covered by or whose use is covered by the RE '839 patent, will infringe, induce infringement of, and contribute to the infringement by others of the RE '839 patent, and that the claims of the RE '839 patent are not invalid.

Count III—Infringement of the '227 Patent

58. Plaintiff incorporates each of the preceding paragraphs as if fully set forth herein.

59. The '227 patent, entitled "Method for the Treatment of Residual Symptoms of Schizophrenia" (attached as Exhibit B), was duly and legally issued on May 1, 2018.

60. The inventors named on the '227 patent are Kimberly Vanover, Peng Li, Sharon Mates, Robert Davis, and Lawrence P. Wennogle.

61. Plaintiff is the owner and assignee of the '227 patent.

62. CAPLYTA® is covered by one or more claims of the '227 patent, which has been listed in connection with CAPLYTA® in the Orange Book.

63. In Aurobindo's Notice Letter, Aurobindo notified Plaintiff of the submission of Aurobindo's ANDA to the FDA. The purpose of this submission was to obtain, among other things, approval under the FDCA to engage in the commercial manufacture, use, offer for sale, sale, and/or importation of Aurobindo's ANDA Product prior to the expiration of the Patents-in-Suit, including the '227 patent.

64. In Aurobindo's Notice Letter, Aurobindo also notified Plaintiff that, as part of its ANDA, Aurobindo had filed Paragraph IV certifications with respect to the '227 patent. Upon information and belief, Aurobindo submitted its ANDA to the FDA containing Paragraph IV certifications asserting that the '227 patent is invalid, unenforceable, and/or will not be infringed by the manufacture, use, offer for sale, sale, and/or importation of Aurobindo's ANDA Product.

65. According to Aurobindo's Notice Letter, Aurobindo's ANDA Product contains lumateperone.

66. Upon information and belief, the use of Aurobindo's ANDA Product in accordance with and as directed by Aurobindo's proposed labeling for that product would infringe one or more claims of the '227 patent.

67. As an example, claim 1 of the '227 patent recites:

A method for the treatment of residual symptoms of schizophrenia as defined in the Positive and Negative Syndrome Scale (PANSS) for Schizophrenia, comprising administering to a patient in need thereof, after treatment of acute symptoms of schizophrenia with an antipsychotic agent, an effective amount of a compound of Formula I:

wherein:

X is —O—, —NH— or —N(CH₃)—;

Y is —O—, —C(R₂)(OH)—, —C(R₃)(OR₁) or —C(O)—; and

R₁ is —C₁₋₆ alkyl or —C(O)—C₁₋₂₁ alkyl, optionally saturated or unsaturated and optionally substituted with one or more hydroxyl or C₁₋₂₂ alkoxy groups wherein such compound hydrolyzes to form the residue of a natural or unnatural, saturated or unsaturated fatty acid;

R₂ is H or —C₁₋₆ alkyl; and

R₃ is H or —C₁₋₆ alkyl;

in free or pharmaceutically acceptable salt form;

wherein the patient significantly improves on the Prosocial PANSS Factor change from baseline.

68. Upon information and belief, the use of Aurobindo's ANDA Product in accordance with and as directed by Aurobindo's proposed label would involve treating residual symptoms of schizophrenia after treatment of acute symptoms of schizophrenia with an antipsychotic agent, including by administering to the patient in need thereof an effective amount of the compound recited in claim 1.

69. Upon information and belief, Aurobindo's ANDA Product infringes one or more claims of the '227 patent, literally or under the doctrine of equivalents.

70. Aurobindo's submission of Aurobindo's ANDA for the purpose of obtaining approval to engage in the commercial manufacture, use, offer for sale, sale, and/or importation of Aurobindo's ANDA Product before the expiration of the '227 patent was an act of infringement of the '227 patent under 35 U.S.C. § 271(e)(2)(A).

71. Upon information and belief, Aurobindo will engage in the manufacture, use, offer for sale, sale, marketing, distribution, and/or importation of Aurobindo's ANDA Product immediately and imminently upon approval of its ANDA.

72. Upon information and belief, the manufacture, use, sale, offer for sale, or importation of Aurobindo's ANDA Product would infringe, literally and/or under the doctrine of equivalents, one or more claims of the '227 patent.

73. Upon information and belief, the manufacture, use, sale, offer for sale, or importation of Aurobindo's ANDA Product in accordance with and as directed by its proposed product labeling would infringe one or more claims of the '227 patent.

74. Upon information and belief, Aurobindo plans and intends to, and will, actively induce infringement of the '227 patent when Aurobindo's ANDA is approved, and plans and intends to, and will, do so immediately and imminently upon approval. Aurobindo's activities will be done with knowledge of the '227 patent and specific intent to infringe that patent.

75. Upon information and belief, Aurobindo knows that Aurobindo's ANDA Product and its proposed labeling are especially made or adapted for use in infringing the '227 patent, that Aurobindo's ANDA Product is not a staple article or commodity of commerce, and that Aurobindo's ANDA Product and its proposed labeling are not suitable for substantial noninfringing use. Upon information and belief, Aurobindo plans and intends to, and will,

contribute to infringement of the '227 patent immediately and imminently upon approval of Aurobindo's ANDA.

76. Notwithstanding Aurobindo's knowledge of the claims of the '227 patent, Aurobindo has continued to assert its intent to manufacture, offer for sale, sell, distribute, and/or import Aurobindo's ANDA Product with its product labeling following FDA approval of Aurobindo's ANDA prior to the expiration of the '227 patent.

77. The foregoing actions by Aurobindo constitute and/or will constitute infringement of the '227 patent; active inducement of infringement of the '227 patent; and/or contribution to the infringement by others of the '227 patent.

78. Upon information and belief, Aurobindo has acted with full knowledge of the '227 patent and without a reasonable basis for believing that it would not be liable for infringement of the '227 patent; active inducement of infringement of the '227 patent; and/or contribution to the infringement by others of the '227 patent.

79. Plaintiff will be substantially and irreparably damaged by infringement of the '227 patent.

80. Unless Aurobindo is enjoined from infringing the '227 patent, actively inducing infringement of the '227 patent, and contributing to the infringement by others of the '227 patent, Plaintiff will suffer irreparable injury. Plaintiff has no adequate remedy at law.

Count IV—Declaratory Judgment of Infringement of the '227 Patent

81. Plaintiff incorporates each of the preceding paragraphs as if fully set forth herein.

82. The Court may declare the rights and legal relations of the parties pursuant to 28 U.S.C. §§ 2201 and 2202 because there is a case of actual controversy between Plaintiff on the one hand and Aurobindo on the other regarding Aurobindo's infringement, active inducement of

infringement, contribution to the infringement by others of the '227 patent, and/or the validity of the '227 patent.

83. The Court should declare that the commercial manufacture, use, sale, offer for sale, and/or importation of Aurobindo's ANDA Product with its proposed labeling, or any other Aurobindo drug product that is covered by or whose use is covered by the '227 patent, will infringe, induce infringement of, and contribute to the infringement by others of the '227 patent, and that the claims of the '227 patent are not invalid.

Count V—Infringement of the '009 Patent

84. Plaintiff incorporates each of the preceding paragraphs as if fully set forth herein.

85. The '009 patent, entitled "Methods of Treating Schizophrenia and Depression" (attached as Exhibit C), was duly and legally issued on March 30, 2021.

86. The inventors named on the '009 patent are Kimberly Vanover, Peng Li, Sharon Mates, Robert Davis, and Lawrence P. Wennogle.

87. Plaintiff is the owner and assignee of the '009 patent.

88. CAPLYTA® is covered by one or more claims of the '009 patent, which has been listed in connection with CAPLYTA® in the Orange Book.

89. In Aurobindo's Notice Letter, Aurobindo notified Plaintiff of the submission of Aurobindo's ANDA to the FDA. The purpose of this submission was to obtain, among other things, approval under the FDCA to engage in the commercial manufacture, use, offer for sale, sale, and/or importation of Aurobindo's ANDA Product prior to the expiration of the Patents-in-Suit, including the '009 patent.

90. In Aurobindo's Notice Letter, Aurobindo also notified Plaintiff that, as part of its ANDA, Aurobindo had filed Paragraph IV certifications with respect to the '009 patent. Upon information and belief, Aurobindo submitted its ANDA to the FDA containing Paragraph IV

certifications asserting that the '009 patent is invalid, unenforceable, and/or will not be infringed by the manufacture, use, offer for sale, sale, and/or importation of Aurobindo's ANDA Product.

91. According to Aurobindo's Notice Letter, Aurobindo's ANDA Product contains lumateperone.

92. Upon information and belief, the use of Aurobindo's ANDA Product in accordance with and as directed by Aurobindo's proposed labeling for that product would infringe one or more claims of the '009 patent.

93. As an example, claim 1 of the '009 patent recites:

A method for the treatment of the negative symptoms of schizophrenia comprising administering to a schizophrenic patient in need thereof an effective amount of a Compound of Formula I:

wherein:

X is —N(CH₃)— and Y is —C(O)—;

in free or pharmaceutically acceptable salt form,

wherein the effective amount of the Compound of Formula I is 40

mg to 60 mg per day, measured as the weight of the corresponding

free base form of the Compound.

94. Upon information and belief, the use of Aurobindo's ANDA Product in accordance with and as directed by Aurobindo's proposed label would involve treating negative symptoms of schizophrenia, including by administering to the patient in need thereof 40 mg to 60 mg (measured as the free base) per day of a Formula I compound in free or pharmaceutically acceptable salt form, as recited in claim 1.

95. Upon information and belief, Aurobindo's ANDA Product infringes one or more claims of the '009 patent, literally or under the doctrine of equivalents.

96. Aurobindo's submission of Aurobindo's ANDA for the purpose of obtaining approval to engage in the commercial manufacture, use, offer for sale, sale, and/or importation of Aurobindo's ANDA Product before the expiration of the '009 patent was an act of infringement of the '009 patent under 35 U.S.C. § 271(e)(2)(A).

206. Notwithstanding Aurobindo's knowledge of the claims of the '348 patent, Aurobindo has continued to assert its intent to manufacture, offer for sale, sell, distribute, and/or import Aurobindo's ANDA Product with its product labeling following FDA approval of Aurobindo's ANDA prior to the expiration of the '348 patent.

207. The foregoing actions by Aurobindo constitute and/or will constitute infringement of the '348 patent; active inducement of infringement of the '348 patent; and/or contribution to the infringement by others of the '348 patent.

208. Upon information and belief, Aurobindo has acted with full knowledge of the '348 patent and without a reasonable basis for believing that it would not be liable for infringement of

the '348 patent; active inducement of infringement of the '348 patent; and/or contribution to the infringement by others of the '348 patent.

209. Plaintiff will be substantially and irreparably damaged by infringement of the '348 patent.

210. Unless Aurobindo is enjoined from infringing the '348 patent, actively inducing infringement of the '348 patent, and contributing to the infringement by others of the '348 patent, Plaintiff will suffer irreparable injury. Plaintiff has no adequate remedy at law.

Count XIV—Declaratory Judgment of Infringement of the '348 Patent

211. Plaintiff incorporates each of the preceding paragraphs as if fully set forth herein.

212. The Court may declare the rights and legal relations of the parties pursuant to 28 U.S.C. §§ 2201 and 2202 because there is a case of actual controversy between Plaintiff on the one hand and Aurobindo on the other regarding Aurobindo's infringement, active inducement of infringement, contribution to the infringement by others of the '348 patent, and/or the validity of the '348 patent.

213. The Court should declare that the commercial manufacture, use, sale, offer for sale, and/or importation of Aurobindo's ANDA Product with its proposed labeling, or any other Aurobindo drug product that is covered by or whose use is covered by the '348 patent, will infringe, induce infringement of, and contribute to the infringement by others of the '348 patent, and that the claims of the '348 patent are not invalid.

Count XV—Infringement of the '419 Patent

214. Plaintiff incorporates each of the preceding paragraphs as if fully set forth herein.

215. The '419 patent, entitled "4-((6b,10as)-3-methyl-2,3,6b,9,10,10a-hexahydro-1h-pyrido[3',4':4,5]pyrrolo[1,2,3-de]quinoxalin-8(7h)-yl)-1-(4-((6b,10as)-3-methyl-2,3,6b,9,10,10a-hexahydro-1h-pyrido[3'4':4,5]pyrrolo[1,2,3-de]quinoxalin-8(7h)-

yl)phenyl)butan-1-one for Treating Conditions of the Central Nervous System and Cardiac Disorders” (attached as Exhibit H), was duly and legally issued on September 12, 2023.

216. The inventors named on the ’419 patent are Peng Li, Robert E. Davis, and Kimberly Vanover.

217. Plaintiff is the owner and assignee of the ’419 patent.

218. CAPLYTA® is covered by one or more claims of the ’419 patent, which has been listed in connection with CAPLYTA® in the Orange Book.

219. In Aurobindo’s Notice Letter, Aurobindo notified Plaintiff of the submission of Aurobindo’s ANDA to the FDA. The purpose of this submission was to obtain, among other things, approval under the FDCA to engage in the commercial manufacture, use, offer for sale, sale, and/or importation of Aurobindo’s ANDA Product prior to the expiration of the Patents-in-Suit, including the ’419 patent.

220. In Aurobindo’s Notice Letter, Aurobindo also notified Plaintiff that, as part of its ANDA, Aurobindo had filed Paragraph IV certifications with respect to the ’419 patent. Upon information and belief, Aurobindo submitted its ANDA to the FDA containing Paragraph IV certifications asserting that the ’419 patent is invalid, unenforceable, and/or will not be infringed by the manufacture, use, offer for sale, sale, and/or importation of Aurobindo’s ANDA Product.

221. According to Aurobindo’s Notice Letter, Aurobindo’s ANDA Product contains lumateperone.

222. Upon information and belief, Aurobindo’s ANDA Product and the use of Aurobindo’s ANDA Product are covered by one or more claims of the ’419 patent, either literally or under the doctrine of equivalents.

223. As an example, claim 1 of the ’419 patent recites:

A compound of Formula I:

Formula I

in free base or pharmaceutically acceptable salt form.

224. Upon information and belief, Aurobindo's ANDA Product contains a Formula I compound in free or pharmaceutically acceptable salt form, as recited in claim 1.

225. Upon information and belief, Aurobindo's ANDA Product infringes one or more claims of the '419 patent, literally or under the doctrine of equivalents.

226. Aurobindo's submission of Aurobindo's ANDA for the purpose of obtaining approval to engage in the commercial manufacture, use, offer for sale, sale, and/or importation of Aurobindo's ANDA Product before the expiration of the '419 patent was an act of infringement of the '419 patent under 35 U.S.C. § 271(e)(2)(A).

227. Upon information and belief, Aurobindo will engage in the manufacture, use, offer for sale, sale, marketing, distribution, and/or importation of Aurobindo's ANDA Product immediately and imminently upon approval of its ANDA.

228. Upon information and belief, the manufacture, use, sale, offer for sale, or importation of Aurobindo's ANDA Product would infringe, literally and/or under the doctrine of equivalents, one or more claims of the '419 patent.

229. Upon information and belief, the manufacture, use, sale, offer for sale, or importation of Aurobindo's ANDA Product in accordance with and as directed by its proposed product labeling would infringe one or more claims of the '419 patent.

230. Upon information and belief, Aurobindo plans and intends to, and will, actively induce infringement of the '419 patent when Aurobindo's ANDA is approved, and plans and intends to, and will, do so immediately and imminently upon approval. Aurobindo's activities will be done with knowledge of the '419 patent and specific intent to infringe that patent.

231. Upon information and belief, Aurobindo knows that Aurobindo's ANDA Product and its proposed labeling are especially made or adapted for use in infringing the '419 patent, that Aurobindo's ANDA Product is not a staple article or commodity of commerce, and that Aurobindo's ANDA Product and its proposed labeling are not suitable for substantial noninfringing use. Upon information and belief, Aurobindo plans and intends to, and will, contribute to infringement of the '419 patent immediately and imminently upon approval of Aurobindo's ANDA.

232. Notwithstanding Aurobindo's knowledge of the claims of the '419 patent, Aurobindo has continued to assert its intent to manufacture, offer for sale, sell, distribute, and/or import Aurobindo's ANDA Product with its product labeling following FDA approval of Aurobindo's ANDA prior to the expiration of the '419 patent.

233. The foregoing actions by Aurobindo constitute and/or will constitute infringement of the '419 patent; active inducement of infringement of the '419 patent; and/or contribution to the infringement by others of the '419 patent.

234. Upon information and belief, Aurobindo has acted with full knowledge of the '419 patent and without a reasonable basis for believing that it would not be liable for infringement of the '419 patent; active inducement of infringement of the '419 patent; and/or contribution to the infringement by others of the '419 patent.

235. Plaintiff will be substantially and irreparably damaged by infringement of the '419 patent.

236. Unless Aurobindo is enjoined from infringing the '419 patent, actively inducing infringement of the '419 patent, and contributing to the infringement by others of the '419 patent, Plaintiff will suffer irreparable injury. Plaintiff has no adequate remedy at law.

Count XVI—Declaratory Judgment of Infringement of the '419 Patent

237. Plaintiff incorporates each of the preceding paragraphs as if fully set forth herein.

238. The Court may declare the rights and legal relations of the parties pursuant to 28 U.S.C. §§ 2201 and 2202 because there is a case of actual controversy between Plaintiff on the one hand and Aurobindo on the other regarding Aurobindo's infringement, active inducement of infringement, contribution to the infringement by others of the '419 patent, and/or the validity of the '419 patent.

239. The Court should declare that the commercial manufacture, use, sale, offer for sale, and/or importation of Aurobindo's ANDA Product with its proposed labeling, or any other Aurobindo drug product that is covered by or whose use is covered by the '419 patent, will infringe, induce infringement of, and contribute to the infringement by others of the '419 patent, and that the claims of the '419 patent are not invalid.

PRAYER FOR RELIEF

WHEREFORE, Plaintiff requests the following relief:

- (a) A judgment that the Patents-in-Suit have been infringed under 35 U.S.C. § 271(e)(2) by Aurobindo's submission to the FDA of Aurobindo's ANDA;
- (b) A judgment ordering that the effective date of any FDA approval of commercial manufacture, use, or sale of Aurobindo's ANDA Product, or any other drug product that infringes or the use of which infringes the Patents-in-Suit, be not earlier than the expiration dates of said patents, inclusive of any extension(s) and additional period(s) of exclusivity;

- (c) A preliminary and permanent injunction enjoining Aurobindo, and all persons acting in concert with Aurobindo, from the commercial manufacture, use, sale, offer for sale, or importation into the United States of Aurobindo's ANDA Product, or any other drug product covered by or whose use is covered by the Patents-in-Suit, prior to the expiration of said patents, inclusive of any extension(s) and additional period(s) of exclusivity;
- (d) A judgment declaring that the commercial manufacture, use, sale, offer for sale, or importation of Aurobindo's ANDA Product, or any other drug product covered by or whose use is covered by the Patents-in-Suit, prior to the expiration of said patents, will infringe, induce the infringement of, and contribute to infringement by others of said patents;
- (e) A declaration that this is an exceptional case and an award of attorneys' fees pursuant to 35 U.S.C. § 285;
- (f) Costs and expenses in this action; and
- (g) Such further and other relief as this Court may deem just and proper.
