10,272,083 (“the ’083 patent”) and U.S. Patent No. 11,059,829 (“the ’829 patent”). These patents are referred to collectively herein as the “Patents-in-Suit.”

JURISDICTION

12. Plaintiffs incorporate each of the preceding paragraphs 1–11 as if fully set forth herein.

13. This Court has subject matter jurisdiction over this action pursuant to 28 U.S.C. §§ 1331, 1338(a), 2201, and 2202.

14. Based on the facts and causes alleged herein, and for additional reasons to be further developed through discovery if necessary, this Court has personal jurisdiction over MSN Laboratories and MSN Pharmaceuticals.

15. MSN Laboratories is subject to personal jurisdiction in Delaware because, among other things, MSN Laboratories itself and through its wholly owned subsidiary MSN Pharmaceuticals, has purposefully availed itself of the benefits and protections of Delaware’s laws such that it should reasonably anticipate being haled into court here. On information and belief, MSN Laboratories, itself and through its wholly owned subsidiary MSN Pharmaceuticals, develops, manufactures, imports, markets, offers to sell, and/or sells generic drugs throughout the United States, including in the State of Delaware, and therefore transacts business within the State of Delaware, and/or has engaged in systematic and continuous business contacts within the State of Delaware. In addition, MSN Laboratories is subject to personal jurisdiction in Delaware because, on information and belief, it controls and dominates MSN Pharmaceuticals, and therefore the activities of MSN Pharmaceuticals in this jurisdiction are attributed to MSN Laboratories.

16. MSN Pharmaceuticals is subject to personal jurisdiction in Delaware because, among other things, it has purposefully availed itself of the benefits and protections of Delaware’s laws such that it should reasonably anticipate being haled into court here. MSN Pharmaceuticals is a corporation organized and existing under the laws of the State of Delaware, is qualified to do

business in Delaware, and has appointed a registered agent for service of process in Delaware. It therefore has consented to general jurisdiction in Delaware. In addition, on information and belief, MSN Pharmaceuticals develops, manufactures, imports, markets, offers to sell, and/or sells generic drugs throughout the United States, including in Delaware, and therefore transacts business within Delaware related to Plaintiffs' claims and/or has engaged in systematic and continuous business contacts within Delaware.

17. In addition, this Court has personal jurisdiction over MSN Laboratories and MSN Pharmaceuticals because, among other things, on information and belief MSN Laboratories and MSN Pharmaceuticals are agents of each other and/or operate in concert and (1) MSN filed MSN's Tablet ANDA for the purpose of seeking approval to engage in the commercial manufacture, use, offer for sale, sale, and/or importation of MSN's Tablet ANDA Product in the United States, including in Delaware; and (2) upon approval of MSN's Tablet ANDA, MSN will market, distribute, offer for sale, sell, and/or import MSN's Tablet ANDA Product in the United States, including in Delaware, and will derive substantial revenue from the use or consumption of MSN's Tablet ANDA Product in Delaware. *See Acorda Therapeutics Inc. v. Mylan Pharm. Inc.*, 817 F.3d 755, 763 (Fed. Cir. 2016). On information and belief, upon approval of MSN's Tablet ANDA, MSN's Tablet ANDA Products will, among other things, be marketed, distributed, offered for sale, sold, and/or imported in Delaware; prescribed by physicians practicing in Delaware; dispensed by pharmacies located within Delaware; and/or used by patients in Delaware, all of which would have a substantial effect on Delaware.

18. In addition, this Court has personal jurisdiction over MSN Laboratories and MSN Pharmaceuticals because those entities regularly (1) engage in patent litigation concerning MSN's ANDA products in this District, (2) do not contest personal jurisdiction in this District, and (3)

purposefully avail themselves of the rights and benefits of this Court by asserting claims and/or counterclaims in this District. *See, e.g., Vanda Pharmaceuticals, Inc. v. MSN Pharmaceuticals, Inc. et al.*, 24-815-JLH (D. Del. Sept. 13, 2024); *Astellas Pharma Inc. et al. v. MSN Pharmaceuticals Inc. et al.*, No. 23-689 (D. Del. Oct. 30, 2023); *Novartis Pharmaceuticals Corporation v. Alembic Pharmaceuticals Limited et al.*, No. 22-1395 (D. Del. Dec. 16, 2022); *Exelixis, Inc. v. MSN Laboratories Private Limited et al.*, No. 22-945 (D. Del. Aug. 9, 2022); *Exelixis, Inc. v. MSN Laboratories Private Limited et al.*, No. 22-228 (D. Del. Feb 25, 2022); *Novartis Pharmaceuticals Corporation et al. v. MSN Pharmaceuticals Inc. et al.*, No. 21-870 (D. Del. June 16, 2023); *Allergan USA, Inc. et al. v. MSN Laboratories Private Limited et al.*, No. 19-1727 (D. Del. Nov. 10, 2021); *AstraZeneca AB et al. v. MSN Pharmaceuticals, Inc. et al.*, No. 18-2051 (D. Del. Jan. 17, 2019); *Novartis Pharmaceuticals Corporation v. Dr. Reddy's Laboratories, Inc. et al.*, No. 19-2053 (D. Del. June 17, 2021); *Vanda Pharmaceuticals Inc. v. MSN Pharmaceuticals Inc. et al.*, No. 20-1214 (D. Del. 2020); *Intercept Pharmaceuticals, Inc. et al v. MSN Laboratories Private Limited et al*, No. 20-1214 (D. Del. 2020); *Otsuka Pharmaceutical Co., Ltd. et al v. MSN Laboratories Private Ltd. et al.*, No. 20-1428 (D. Del. 2020); *ACADIA Pharmaceuticals Inc. v. MSN Laboratories Private Limited et al.*, No. 20-1029 (D. Del. 2020).

19. For the above reasons, it would not be unfair or unreasonable for MSN Laboratories and MSN Pharmaceuticals to litigate this action in this District, and the Court has personal jurisdiction over those entities here.

VENUE

20. Plaintiffs incorporate each of the preceding paragraphs 1–19 as if fully set forth herein.

21. Venue is proper in this District under 28 U.S.C. § 1391 with respect to MSN Laboratories, at least because, on information and belief, MSN Laboratories is a foreign corporation that may be sued in any judicial district in which it is subject to personal jurisdiction.

22. Venue is proper in this district as to MSN Pharmaceuticals pursuant to 28 U.S.C. § 1400(b) because, *inter alia*, MSN Pharmaceuticals is a corporation organized and existing under the laws of the State of Delaware and thus “resides” in this judicial district. *TC Heartland LLC v. Kraft Foods Grp. Brands LLC*, 581 U.S. 258, 262 (2017).

FACTUAL BACKGROUND

23. CALQUENCE[®] Tablets, which contain acalabrutinib maleate as their active ingredient, are indicated for the treatment of adult patients with mantle cell lymphoma (“MCL”) who have received at least one prior therapy, and as a first-line treatment for chronic lymphocytic leukemia (“CLL”) or small lymphocytic lymphoma (“SLL”).

24. On information and belief, MSN’s Tablet ANDA Product is a generic version of CALQUENCE[®] Tablets.

25. In MSN’s Tablet Notice Letter, MSN notified Plaintiffs that it had filed a Paragraph IV Certification with respect to the ’083 patent and the ’829 patent and was seeking approval from the FDA to engage in the commercial manufacture, use, offer for sale, sale, and/or importation of MSN’s Tablet ANDA Product prior to the expiration of those patents. According to MSN’s Tablet Notice Letter, MSN’s Tablet ANDA contains a Paragraph IV Certification asserting that the ’083 patent and the ’829 patent will not be infringed by the manufacture, use, offer for sale, sale, or importation of MSN’s Tablet ANDA Products, and/or that those patents are invalid and/or unenforceable.

26. The purpose of MSN's submission of MSN's Tablet ANDA was to obtain approval under the Federal Food, Drug and Cosmetic Act to engage in the commercial manufacture, use, offer for sale, sale, and/or importation of MSN's Tablet ANDA Product prior to the expiration of the Patents-in-Suit.

27. In MSN's Tablet Notice Letter, MSN stated that the subject of MSN's Tablet ANDA is for an acalabrutinib maleate tablet, 100 mg base equivalent.

28. This action is being commenced before the expiration of forty-five days from the date of receipt of MSN's Tablet Notice Letter.

COUNT I – INFRINGEMENT OF THE '083 PATENT
UNDER 35 U.S.C. § 271(e)(2)

29. Plaintiffs incorporate each of the preceding paragraphs 1–28 as if fully set forth herein.

30. The '083 patent, entitled, "Methods of Treating Chronic Lymphocytic Leukemia and Small Lymphocytic Leukemia Using a BTK Inhibitor" (attached as Exhibit A), was duly and legally issued on April 30, 2019.

31. Acerta Pharma B.V. is the owner and assignee of the '083 patent. AstraZeneca has all rights, title, and interest in the '083 patent.

32. The '083 patent claims, *inter alia*, a method of treating chronic lymphocytic leukemia (CLL), small lymphocytic leukemia (SLL), or mantle cell lymphoma (MCL) in a human subject suffering therefrom comprising the step of orally administering, to the human subject, a dose of 100 mg twice daily of a Bruton's tyrosine kinase (BTK) inhibitor, wherein the BTK inhibitor is a compound of Formula (II)

or a pharmaceutically acceptable salt, hydrate, or solvate thereof, as recited in claim 1 and claim 8 of the '083 patent.

33. Methods of using CALQUENCE® Tablets are covered by one or more claims of the '083 patent, including claims 1 and 8 of the '083 patent, and the '083 patent has been listed in connection with CALQUENCE® Tablets in the FDA's Orange Book.

34. MSN's submission of MSN's Tablet ANDA for the purpose of obtaining approval to engage in the commercial manufacture, use, offer for sale, sale, and/or importation of MSN's Tablet ANDA Product prior to the expiration of the '083 patent was an act of infringement of the '083 patent under 35 U.S.C. § 271(e)(2)(A).

35. In MSN's Tablet Notice Letter, MSN did not contest induced and contributory infringement of at least claims 1 and 8 of the '083 patent on any basis other than the alleged invalidity of those claims.

36. On information and belief, the manufacture, use, offer for sale, sale, marketing, distribution, and/or importation of MSN's Tablet ANDA Product would indirectly infringe at least claims 1 and 8 of the '083 patent either literally or under the doctrine of equivalents.

37. On information and belief, MSN has not challenged U.S. Patent No. 7,459,554, which is listed in connection with CALQUENCE® Tablets in the FDA's Orange Book with an expiration date of November 24, 2026. On information and belief, MSN has not challenged U.S. Patent No. 9,290,504, U.S. Patent No. 9,758,524, and U.S. Patent No. 10,239,883, which are listed in connection with CALQUENCE® Tablets in the FDA's Orange Book with an expiration date of July 11, 2032. On information and belief, following the expiration of those patents, MSN will engage in the manufacture, use, offer for sale, sale, marketing, distribution, and/or importation of MSN's Tablet ANDA Product immediately and imminently upon FDA approval of MSN's Tablet ANDA.

38. On information and belief, the use of MSN's Tablet ANDA Product in accordance with and as directed by MSN's proposed labeling for that product would infringe at least claims 1 and 8 of the '083 patent.

39. On information and belief, MSN plans and intends to, and will, actively induce infringement of the '083 patent when MSN's Tablet ANDA is approved, and plans and intends to, and will, do so after approval.

40. On information and belief, MSN knows that MSN's Tablet ANDA Product and its proposed labeling are especially made or adapted for use in infringing the '083 patent and that MSN's Tablet ANDA Product and its proposed labeling are not suitable for substantial non-infringing use. On information and belief, MSN plans and intends to, and will, contribute to infringement of the '083 patent after approval of MSN's Tablet ANDA.

41. The foregoing actions by MSN constitute and/or will constitute infringement of the '083 patent, active inducement of infringement of the '083 patent, and contribution to the infringement by others of the '083 patent.

42. On information and belief, MSN has acted with full knowledge of the '083 patent and without a reasonable basis for believing that it would not be liable for infringing the '083 patent, actively inducing infringement of the '083 patent, and contributing to the infringement by others of the '083 patent.

43. Unless MSN is enjoined from infringing the '083 patent, actively inducing infringement of the '083 patent, and contributing to the infringement by others of the '083 patent, Plaintiffs will suffer irreparable injury. Plaintiffs have no adequate remedy at law.

**COUNT II – DECLARATORY JUDGMENT OF INFRINGEMENT
OF THE '083 PATENT**

44. Plaintiffs incorporate each of the preceding paragraphs 1–43 as if fully set forth herein.

45. The Court may declare the rights and legal relations of the parties pursuant to 28 U.S.C. §§ 2201 and 2202 because there is a case or actual controversy between Plaintiffs on the one hand and MSN on the other regarding MSN's infringement, active inducement of infringement, and contribution to the infringement by others of the '083 patent.

46. The Court should declare that the commercial manufacture, use, sale, offer for sale, or importation of MSN's Tablet ANDA Product with its proposed labeling, or any other MSN acalabrutinib maleate tablet drug product that is covered by or whose use is covered by the '083 patent, will infringe, induce the infringement of, and contribute to the infringement by others of the '083 patent, and that the asserted claims of the '083 patent are valid.

COUNT III – INFRINGEMENT OF THE '829 PATENT
UNDER 35 U.S.C. § 271(e)(2)

47. Plaintiffs incorporate each of the preceding paragraphs 1–46 as if fully set forth herein.

49. Acerta Pharma B.V. is the owner and assignee of the '829 patent. AstraZeneca has all rights, title, and interest in the '829 patent.

50. The '829 patent claims, *inter alia*, a crystal form of (S)-4-(8-amino-3-(1-but-2-ynoylpyrrolidin-2-yl)imidazo[1,5-a]pyrazin-1-yl)-N-(pyridin-2-yl)benzamide maleate characterized by an X-ray powder diffraction pattern comprising certain peaks as recited in claim 1 of the '829 patent.

51. CALQUENCE[®] Tablets are covered by one or more claims of the '829 patent, including claim 1 of the '829 patent, and the '829 patent has been listed in connection with CALQUENCE[®] Tablets in the FDA's Orange Book.

52. MSN's submission of MSN's Tablet ANDA for the purpose of obtaining approval to engage in the commercial manufacture, use, offer for sale, sale, and/or importation of MSN's Tablet ANDA Product prior to the expiration of the '829 patent was an act of infringement of the '829 patent under 35 U.S.C. § 271(e)(2)(A).

53. In MSN's Tablet Notice Letter, MSN did not contest the infringement of at least claim 1 of the '829 patent on any basis other than the alleged invalidity of that claim.

54. On information and belief, the manufacture, use, offer for sale, sale, marketing, distribution, and/or importation of MSN's Tablet ANDA Product would infringe at least claim 1 of the '829 patent, recited above, either literally or under the doctrine of equivalents.

55. On information and belief, MSN has not challenged U.S. Patent No. 7,459,554, which is listed in connection with CALQUENCE® Tablets in the FDA's Orange Book with an expiration date of November 24, 2026. On information and belief, MSN has not challenged U.S. Patent No. 9,290,504, U.S. Patent No. 9,758,524, and U.S. Patent No. 10,239,883, which are listed in connection with CALQUENCE® Tablets in the FDA's Orange Book with an expiration date of July 11, 2032. On information and belief, following the expiration of those patents, MSN will engage in the manufacture, use, offer for sale, sale, marketing, distribution, and/or importation of MSN's Tablet ANDA Product immediately and imminently upon FDA approval of MSN's Tablet ANDA.

56. On information and belief, the use of MSN's Tablet ANDA Product in accordance with and as directed by MSN's proposed labeling for that product would infringe at least claim 1 of the '829 patent.

57. On information and belief, MSN plans and intends to, and will, actively induce infringement of the '829 patent when MSN's Tablet ANDA is approved, and plans and intends to, and will, do so after approval.

58. On information and belief, MSN knows that MSN's Tablet ANDA Product and its proposed labeling are especially made or adapted for use in infringing the '829 patent and that MSN's Tablet ANDA Product and its proposed labeling are not suitable for substantial non-infringing use. On information and belief, MSN plans and intends to, and will, contribute to infringement of the '829 patent after approval of MSN's Tablet ANDA.

59. The foregoing actions by MSN constitute and/or will constitute infringement of the '829 patent, active inducement of infringement of the '829 patent, and contribution to the infringement by others of the '829 patent.

60. On information and belief, MSN has acted with full knowledge of the '829 patent and without a reasonable basis for believing that it would not be liable for infringing the '829 patent, actively inducing infringement of the '829 patent, and contributing to the infringement by others of the '829 patent.

61. Unless MSN is enjoined from infringing the '829 patent, actively inducing infringement of the '829 patent, and contributing to the infringement by others of the '829 patent, Plaintiffs will suffer irreparable injury. Plaintiffs have no adequate remedy at law.

**COUNT IV – DECLARATORY JUDGMENT OF INFRINGEMENT
OF THE '829 PATENT**

62. Plaintiffs incorporate each of the preceding paragraphs 1–61 as if fully set forth herein.

63. The Court may declare the rights and legal relations of the parties pursuant to 28 U.S.C. §§ 2201 and 2202 because there is a case or actual controversy between Plaintiffs on the one hand and MSN on the other regarding MSN's infringement, active inducement of infringement, and contribution to the infringement by others of the '829 patent.

64. The Court should declare that the commercial manufacture, use, sale, offer for sale, or importation of MSN's Tablet ANDA Product with its proposed labeling, or any other MSN acalabrutinib maleate tablet drug product that is covered by or whose use is covered by the '829 patent, will infringe, induce the infringement of, and contribute to the infringement by others of the '829 patent, and that the asserted claims of the '829 patent are valid.
