**FIRST AMENDED COMPLAINT FOR PATENT INFRINGEMENT**

Case No 10-cv-07237 GW (PLA)

**PLAINTIFF’S FIRST AMENDED COMPLAINT**

Plaintiff Olympic Developments AG, LLC (“Plaintiff”), by and through its undersigned counsel, files this First Amended Complaint against Amazon.com, Inc., Apple, Inc., BarnesAndNoble.com, Inc., and Sony Electronics, Inc. (collectively “Defendants”) as follows:

**NATURE OF THE ACTION**

1. This is a patent infringement action to stop Defendants’ infringement of Plaintiff’s United States Patent No. 5,475,585 entitled “*Transactional Processing System*” (the “’585 patent”; a copy of which is attached hereto as Exhibit A) and United States Patent No. 6,246,400 entitled “*Device for Controlling Remote Interactive Receiver*” (the “’400 patent”; a copy of which is attached hereto as Exhibit B) (collectively, “the patents-in-suit”). Plaintiff is the exclusive licensee of the ’585 patent and ’400 patent with respect to the Defendants. Plaintiff seeks injunctive relief and monetary damages.

**PARTIES**

2. Plaintiff is a limited liability company organized and existing under the laws of the State of Delaware. Plaintiff maintains its principal place of business at 1000 North West Street, Suite 1200, Wilmington, DE 19801. Plaintiff is the exclusive licensee of the ’585 and ’400 patents with respect to the Defendants, and possesses the right to sue for infringement and recover past damages.

3. Upon information and belief, Amazon.com, Inc., (“Amazon”) is a corporation organized and existing under the laws of the State of Delaware, with its principal place of business located at 1200 12<sup>th</sup> Avenue South, Suite 1200, Seattle, Washington 98144.

4. Upon information and belief, Apple, Inc., (“Apple”) is a corporation organized and existing under the laws of the State of California, with its principal place of business located at 1 Infinite Loop, Cupertino, California 95014.

5. Upon information and belief, Barnesandnoble.com, LLC, (“BN”) is a limited liability company organized and existing under the laws of the State of Delaware, with its principal place of business located at 122 5<sup>th</sup> Avenue, New York, New York, 10011.

1           10.     Venue is proper in the Central District of California pursuant to 28 U.S.C. §§ 1391  
2     and 1400(b).

3                               **COUNT I – PATENT INFRINGEMENT**

4           11.     The '585 patent was duly and legally issued by the United States Patent and  
5     Trademark Office on December 12, 1995, after full and fair examination for systems and methods  
6     for purchasing products over a network. Plaintiff is the exclusive licensee of the '585 patent with  
7     respect to the Defendants, and possesses all rights of recovery under the '585 patent with respect  
8     to the Defendants, including the right to sue for infringement and recover past damages.

9           12.     The '400 patent was duly and legally issued by the United States Patent and  
10    Trademark Office on June 12, 2001, after full and fair examination for systems for transactional  
11    system terminals. Plaintiff is the exclusive licensee of the '400 patent with respect to the  
12    Defendants, and possesses all rights of recovery under the '400 patent with respect to the  
13    Defendants, including the right to sue for infringement and recover past damages.

14          13.     Plaintiff is informed and believes that Amazon owns, operates, advertises,  
15    controls, sells, and otherwise provides hardware, software and websites for “online bookstore  
16    services” including via the Amazon Kindle (“the Amazon device”) and Kindle Store (“the  
17    Amazon website”), both available through www.amazon.com. Upon information and belief,  
18    Amazon has infringed and continues to infringe one or more claims of the '585 patent by making,  
19    using, providing, offering to sell, and selling (directly or through intermediaries), in this district  
20    and elsewhere in the United States, systems and methods for purchasing products and services  
21    and processing corresponding financial transactions, including via the Amazon website and  
22    Amazon device. Upon information and belief, Amazon has infringed and continues to infringe  
23    one or more claims of the '400 patent by making, using, providing, offering to sell, and selling  
24    (directly or through intermediaries), in this district and elsewhere in the United States, systems  
25    and methods for remotely selecting and receiving desired programming selections, including via  
26    the Amazon website and Amazon device. More particularly, Plaintiff is informed and believes  
27    that Amazon has and/or requires and/or directs users to access and/or view and/or purchase  
28

1 products from a remote programming system at the Kindle Store via a Kindle remote receiver  
2 device in a manner claimed in the patents-in-suit. Upon information and belief, Amazon has also  
3 contributed to the infringement of one or more claims of the patents-in-suit by providing to users,  
4 in this district and elsewhere in the United States via the Amazon website and the Amazon  
5 device, software only useful for permitting users to purchase products and services from a  
6 plurality of available products and service and for processing corresponding financial transactions  
7 in real-time in a manner claimed by one or more claims of the patents-in-suit.

8 14. Plaintiff is informed and believes that Apple owns, operates, advertises, controls,  
9 sells and otherwise provides hardware, software and websites for “online music, application and  
10 bookstore services” including via the iPad and iPhone (“the Apple devices”) and iTunes Store  
11 and App Store (“the Apple websites”), both accessible through the Apple devices and via the  
12 iTunes software client. Upon information and belief, Apple has infringed and continues to  
13 infringe one or more claims of the ’585 patent by making, using, providing, offering to sell, and  
14 selling (directly or through intermediaries), in this district and elsewhere in the United States,  
15 systems and methods for purchasing products and services and processing corresponding  
16 financial transactions, including via the Apple websites and Apple devices. Upon information  
17 and belief, Apple has infringed and continues to infringe one or more claims of the ’400 patent by  
18 making, using, providing, offering to sell, and selling (directly or through intermediaries), in this  
19 district and elsewhere in the United States, systems and methods for remotely selecting and  
20 receiving desired programming selections, including via the Apple Websites and Apple devices.  
21 More particularly, Plaintiff is informed and believes that Apple has and/or requires and/or directs  
22 users to access and/or view and/or purchase products from a remote programming system at the  
23 iTunes Store and App Store via an iPad or iPhone remote receiver device in a manner claimed in  
24 the patents-in-suit. Upon information and belief, Apple has also contributed to the infringement  
25 of one or more claims of the patents-in-suit by providing to users, in this district and elsewhere in  
26 the United States via the Apple website and the Apple devices, software only useful for  
27 permitting users to purchase products and services from a plurality of available products and  
28

1 service and for processing corresponding financial transactions in real-time in a manner claimed  
2 by one or more claims of the patents-in-suit.

3 15. Plaintiff is informed and believes that BN owns, operates, advertises, controls,  
4 sells, and otherwise provides hardware, software and websites for “online bookstore services”  
5 including via the Barnes and Noble Nook (“the BN device”) and Nook Store (“the BN website”),  
6 both available through [www.Barnesandnoble.com](http://www.Barnesandnoble.com). Upon information and belief, BN has  
7 infringed and continues to infringe one or more claims of the ’585 patent by making, using,  
8 providing, offering to sell, and selling (directly or through intermediaries), in this district and  
9 elsewhere in the United States, systems and methods for purchasing products and services and  
10 processing corresponding financial transactions, including via the BN website and BN device.  
11 More particularly, Plaintiff is informed and believes that BN has and/or requires and/or directs  
12 users to access and/or view and/or purchase products from a remote programming system at the  
13 NookBook Store via a Nook remote receiver device in a manner claimed in the ’585 patent.  
14 Upon information and belief, BN has also contributed to the infringement of one or more claims  
15 of the ’585 patent, and/or actively induced others to infringe one or more claims of the ’585  
16 patent via the BN website and the BN device, in this district and elsewhere in the United States.

17 16. Plaintiff is informed and believes that Sony owns, operates, advertises, controls,  
18 sells, and otherwise provides hardware, software and websites for “online bookstore services”  
19 including via the Sony Reader (“the Sony device”) and Reader Store (“the Sony website”), both  
20 available through <http://ebookstore.sony.com>. Upon information and belief, Sony has infringed  
21 and continues to infringe one or more claims of the ’585 patent by making, using, providing,  
22 offering to sell, and selling (directly or through intermediaries), in this district and elsewhere in  
23 the United States, systems and methods for purchasing products and services and processing  
24 corresponding financial transactions, including via the Sony website and Sony device. Upon  
25 information and belief, Sony has infringed and continues to infringe one or more claims of the  
26 ’400 patent by making, using, providing, offering to sell, and selling (directly or through  
27 intermediaries), in this district and elsewhere in the United States, systems and methods for  
28

1 remotely selecting and receiving desired programming selections, including via the Sony website  
 2 and Sony device. More particularly, Plaintiff is informed and believes that Sony has and/or  
 3 requires and/or directs users to access and/or view and/or purchase products from a remote  
 4 programming system at the Reader Store via a Reader remote receiver device in a manner  
 5 claimed in the patents-in-suit. Upon information and belief, Sony has also contributed to the  
 6 infringement of one or more claims of the patents-in-suit by providing to users, in this district and  
 7 elsewhere in the United States via the Sony website and the Sony device, software only useful for  
 8 permitting users to purchase products and services from a plurality of available products and  
 9 service and for processing corresponding financial transactions in real-time in a manner claimed  
 10 by one or more claims of the patents-in-suit.

11 17. Each Defendant's aforesaid activities have been without authority and/or license  
 12 from Plaintiff.

13 18. Plaintiff is entitled to recover from the Defendants the damages sustained by  
 14 Plaintiff as a result of the Defendants' wrongful acts in an amount subject to proof at trial, which,  
 15 by law, cannot be less than a reasonable royalty, together with interest and costs as fixed by this  
 16 Court under 35 U.S.C. § 284.

17 19. Defendants' infringement of Plaintiff's exclusive rights under the '585 patent and  
 18 the '400 patent will continue to damage Plaintiff, causing irreparable harm for which there is no  
 19 adequate remedy at law, unless enjoined by this Court.

#### 20 **JURY DEMAND**

21 20. Plaintiff hereby requests a trial by jury pursuant to Rule 38 of the Federal Rules of  
 22 Civil Procedure.

#### 23 **PRAYER FOR RELIEF**

24 Plaintiff respectfully requests that the Court find in its favor and against Defendants, and  
 25 that the Court grant Plaintiff the following relief:

- 26 A. An adjudication that one or more claims of the '585 patent have been infringed,  
 27 either literally and/or under the doctrine of equivalents, by one or more Defendants  
 28

- 1 and/or by others to whose infringement Defendants have contributed and/or by  
2 others whose infringement has been induced by Defendants;
- 3 B. An adjudication that one or more claims of the '400 patent have been infringed,  
4 either literally and/or under the doctrine of equivalents, by one or more Defendants  
5 and/or by others to whose infringement Defendants have contributed and/or by  
6 others whose infringement has been induced by Defendants;
- 7 C. An award to Plaintiff of damages adequate to compensate Plaintiff for the  
8 Defendants' acts of infringement together with pre-judgment and post-judgment  
9 interest;
- 10 D. A grant of permanent injunction pursuant to 35 U.S.C. § 283, enjoining the  
11 Defendants from further acts of (1) infringement, (2) contributory infringement,  
12 and (3) actively inducing infringement with respect to the claims of the '585 patent  
13 and the '400 patent;
- 14 E. That this Court declare this to be an exceptional case and award Plaintiff its  
15 reasonable attorneys' fees and costs in accordance with 35 U.S.C. §285; and
- 16 F. Any further relief that this Court deems just and proper.

17 Respectfully submitted,
