JURISDICTION AND VENUE

7. This is an action for patent infringement arising under the patent laws of the United States, 35 U.S.C. § 101 *et seq.*

8. This Court has jurisdiction over the subject matter of this action pursuant to 28 U.S.C. §§ 1331 and 1338(a).

9. Venue is proper in this judicial district because Defendants are corporations subject to personal jurisdiction in this judicial district, 28 U.S.C. §§ 1391(b)-(c).

10. Defendants are subject to this Court’s specific and general personal jurisdiction consistent with the principles of due process and/or the Texas Long Arm Statute, due at least to their substantial business in this forum, including: (1) a portion of the infringement alleged herein, including making, using, importing, selling, and/or offering to sell products and systems that infringe the claims of the Patents-in-Suit; (2) the presence of established distribution channels in this forum; and/or (3) regularly doing or soliciting business, engaging in other persistent courses of conduct, and/or deriving substantial revenue from goods and services provided to individuals in Texas and in this judicial district.

PATENTS-IN-SUIT

11. The '094 Patent, entitled "Method for Automatic Initiation of Data Transmission," was duly and legally issued on March 24, 1998 by the U.S. Patent and Trademark Office to 3Com Corporation, the assignee of the named inventors Brian Petersen, David R. Brown, and W. Paul Sherer. A true and correct copy of the '094 Patent is attached hereto as Exhibit A.

12. The '872 Patent, entitled "Apparatus for Automatic Initiation of Data Transmission," was duly and legally issued on July 18, 1995 by the U.S. Patent and Trademark Office to 3Com Corporation, the assignee of the named inventors Brian Petersen, David R. Brown, and W. Paul Sherer. A true and correct copy of the '872 Patent is attached hereto as Exhibit B.

13. The '874 Patent, entitled "Network Adapter with an Indication Signal Mask and an Interrupt Signal Mask," was duly and legally issued on June 25, 1996 by the U.S. Patent and Trademark Office to 3Com Corporation, the assignee of the named inventors Scott A. Emery, Brian Petersen, and W. Paul Sherer. A true and correct copy of the '874 Patent is attached hereto as Exhibit C.

14. The '313 Patent, entitled "Network Interface with Host Independent Buffer Management," was duly and legally issued on March 29, 1994 by the U.S. Patent and Trademark Office to 3Com Corporation, the assignee of the named inventors Brian Petersen, W. Paul Sherer, David R. Brown, and Lai-Chin Lo. A true and correct copy of the '313 Patent is attached hereto as Exhibit D.

15. USEI is the sole owner of the entire right, title, and interest in the Patents-in-Suit by virtue of assignment, including all rights necessary to prosecute this case and collect all damages, past, present and future, resulting from Defendants' infringement.

ACCUSED PRODUCTS

16. Oki Data imports, makes, uses, offers for sale, and/or sells certain products and devices which embody one or more claims of the Patents-in-Suit, including, without limitation, products employing Ethernet technology similar to that found in the Oki Data Microline network printers and/or the OKIPOS 407ii point of service printer (collectively, the “Oki Data Accused Products”).

17. Samsung imports, makes, uses, offers for sale, and/or sells certain products and devices which embody one or more claims of the Patents-in-Suit, including, without limitation, products employing Ethernet technology similar to that found in the Samsung ML-3561N Network Printer, the Samsung OfficeServ SMT-i5243 IP phone, and/or the Samsung OfficeServ 7200 IP phone system (collectively, the “Samsung Accused Systems”). Samsung further imports, makes, uses, offers for sale, and/or sells certain products and devices which embody one or more claims of the Patents-in-Suit either alone or functionally integrated into host systems (such as one or more of the Samsung Accused Systems and/or the Oki Data Accused Products) including, without limitation, products employing Ethernet technology similar to that found in the Samsung S3C2510 and/or S3C4510 System-on-Chips (collectively with the Samsung Accused Systems, the “Samsung Accused Products”).

COUNT I

INFRINGEMENT OF U.S. PATENT NO. 5,732,094

18. USEI restates and realleges the allegations set forth in the foregoing paragraphs of this Complaint and incorporates them by reference.

19. Without a license or permission from USEI, Defendants have infringed and continue to infringe one or more claims of the ‘094 Patent, directly, contributorily, and/or by inducement, by importing, making, using, offering for sale, and/or selling products and devices

which embody the patented invention, including, without limitation, one or more of the Accused Products, in violation of 35 U.S.C. § 271.

20. Defendants directly contribute to and induce infringement by supplying infringing systems and components to Defendants' customers. Defendants' customers who purchase systems and components thereof and operate such systems and components thereof in accordance with Defendants' instructions directly infringe one or more claims of the '094 Patent, in violation of 35 U.S.C. § 271.

21. The acts of infringement of the '094 Patent by Defendants have caused damage to USEI, and USEI is entitled to recover from Defendants the damages sustained by USEI as a result of the wrongful acts of Defendants in an amount subject to proof at trial. The infringement of USEI's exclusive rights under the '094 Patent by Defendants will continue to damage USEI, causing irreparable harm, for which there is no adequate remedy at law, unless enjoined by this Court.

22. Defendants have had actual or constructive knowledge of the '094 Patent, yet continue to infringe said patent. The infringement of the '094 Patent by Defendants is willful and deliberate, entitling USEI to increased damages under 35 U.S.C. § 284 and to attorneys' fees and costs incurred in prosecuting this action under 35 U.S.C. § 285.

COUNT II

INFRINGEMENT OF U.S. PATENT NO. 5,434,872

23. USEI restates and realleges the allegations set forth in the foregoing paragraphs of this Complaint and incorporates them by reference.

24. Without a license or permission from USEI, Defendants have infringed and continue to infringe one or more claims of the '872 Patent, directly, contributorily, and/or by inducement, by importing, making, using, offering for sale, and/or selling products and devices

which embody the patented invention, including, without limitation, one or more of the Accused Products, in violation of 35 U.S.C. § 271.

25. Defendants directly contribute to and induce infringement by supplying infringing systems and components to Defendants' customers. Defendants' customers who purchase systems and components thereof and operate such systems and components thereof in accordance with Defendants' instructions directly infringe one or more claims of the '872 Patent, in violation of 35 U.S.C. § 271.

26. The acts of infringement of the '872 Patent by Defendants have caused damage to USEI, and USEI is entitled to recover from Defendants the damages sustained by USEI as a result of the wrongful acts of Defendants in an amount subject to proof at trial. The infringement of USEI's exclusive rights under the '872 Patent by Defendants will continue to damage USEI, causing irreparable harm, for which there is no adequate remedy at law, unless enjoined by this Court.

27. Defendants have had actual or constructive knowledge of the '872 Patent, yet continue to infringe said patent. The infringement of the '872 Patent by Defendants is willful and deliberate, entitling USEI to increased damages under 35 U.S.C. § 284 and to attorneys' fees and costs incurred in prosecuting this action under 35 U.S.C. § 285.

COUNT III

INFRINGEMENT OF U.S. PATENT NO. 5,530,874

28. USEI restates and realleges the allegations set forth in the foregoing paragraphs of this Complaint and incorporates them by reference.

29. Without a license or permission from USEI, Defendants have infringed and continue to infringe one or more claims of the '874 Patent, directly, contributorily, and/or by inducement, by importing, making, using, offering for sale, and/or selling products and devices

which embody the patented invention, including, without limitation, one or more of the Accused Products, in violation of 35 U.S.C. § 271.

30. Defendants directly contribute to and induce infringement by supplying infringing systems and components to Defendants' customers. Defendants' customers who purchase systems and components thereof and operate such systems and components thereof in accordance with Defendants' instructions directly infringe one or more claims of the '874 Patent, in violation of 35 U.S.C. § 271.

31. The acts of infringement of the '874 Patent by Defendants have caused damage to USEI, and USEI is entitled to recover from Defendants the damages sustained by USEI as a result of the wrongful acts of Defendants in an amount subject to proof at trial. The infringement of USEI's exclusive rights under the '874 Patent by Defendants will continue to damage USEI, causing irreparable harm, for which there is no adequate remedy at law, unless enjoined by this Court.

32. Defendants have had actual or constructive knowledge of the '874 Patent, yet continue to infringe said patent. The infringement of the '874 Patent by Defendants is willful and deliberate, entitling USEI to increased damages under 35 U.S.C. § 284 and to attorneys' fees and costs incurred in prosecuting this action under 35 U.S.C. § 285.

COUNT IV

INFRINGEMENT OF U.S. PATENT NO. 5,299,313

33. USEI restates and realleges the allegations set forth in the foregoing paragraphs of this Complaint and incorporates them by reference.

34. Without a license or permission from USEI, Defendants have infringed and continue to infringe one or more claims of the '313 Patent, directly, contributorily, and/or by inducement, by importing, making, using, offering for sale, and/or selling products and devices

which embody the patented invention, including, without limitation, one or more of the Accused Products, in violation of 35 U.S.C. § 271.

35. Defendants directly contribute to and induce infringement by supplying infringing systems and components to Defendants' customers. Defendants' customers who purchase systems and components thereof and operate such systems and components thereof in accordance with Defendants' instructions directly infringe one or more claims of the '313 Patent, in violation of 35 U.S.C. § 271.

36. The acts of infringement of the '313 Patent by Defendants have caused damage to USEI, and USEI is entitled to recover from Defendants the damages sustained by USEI as a result of the wrongful acts of Defendants in an amount subject to proof at trial. The infringement of USEI's exclusive rights under the '313 Patent by Defendants will continue to damage USEI, causing irreparable harm, for which there is no adequate remedy at law, unless enjoined by this Court.

37. Defendants have had actual or constructive knowledge of the '313 Patent, yet continue to infringe said patent. The infringement of the '313 Patent by Defendants is willful and deliberate, entitling USEI to increased damages under 35 U.S.C. § 284 and to attorneys' fees and costs incurred in prosecuting this action under 35 U.S.C. § 285.

PRAYER FOR RELIEF

WHEREFORE, USEI prays for the following relief against Defendants:

A. A judgment that Defendants, and each of them, have directly infringed the '094 Patent, the '872 Patent, the '874 Patent, and/or the '313 Patent; contributorily infringed the '094 Patent, the '872 Patent, the '874 Patent, and/or the '313 Patent; and/or induced infringement of the '094 Patent, the '872 Patent, the '874 Patent, and/or the '313 Patent;

B. An award of all damages recoverable under the laws of the United States and the laws of the State of Texas in an amount to be proven at trial;

C. An award of treble damages pursuant to 35 U.S.C. § 284 against Defendants, and each of them, as a result of Defendants' willful infringement;

D. A preliminary, and thereafter permanent, injunction enjoining and restraining Defendants, their officers, directors, agents, servants, employees, attorneys, and all others acting under, by or through them, from directly infringing, contributorily infringing, and inducing the infringement of the '094 Patent, as set forth herein;

E. A preliminary, and thereafter permanent, injunction enjoining and restraining Defendants, their officers, directors, agents, servants, employees, attorneys, and all others acting under, by or through them, from directly infringing, contributorily infringing, and inducing the infringement of the '872 Patent, as set forth herein;

F. A preliminary, and thereafter permanent, injunction enjoining and restraining Defendants, their officers, directors, agents, servants, employees, attorneys, and all others acting under, by or through them, from directly infringing, contributorily infringing, and inducing the infringement of the '874 Patent, as set forth herein;

G. A preliminary, and thereafter permanent, injunction enjoining and restraining Defendants, their officers, directors, agents, servants, employees, attorneys, and all others acting under, by or through them, from directly infringing, contributorily infringing, and inducing the infringement of the '313 Patent, as set forth herein;

H. A judgment and order requiring Defendants, and each of them, to pay USEI pre-judgment and post-judgment interest on the full amounts of the damages awarded;

I. A judgment requiring Defendants, and each of them, to pay the costs of this action (including all disbursements) and attorneys' fees as provided by 35 U.S.C. § 285, with prejudgment interest; and

J. Such other and further relief as this Court may deem just and equitable.

DEMAND FOR JURY TRIAL

Plaintiff hereby demands that all issues so triable be determined by a jury.

Respectfully submitted, this 22nd day of June, 2012.
