6. Upon information and belief, Defendant manufactures, imports into the United States, sells, offers for sale, and/or uses software products that infringe one or more claims of the ‘660 Patent. Upon information and belief, such software products are offered for sale to customers in this judicial district and throughout the State of Wisconsin.

9. Michael Landau and Evan Horowitz founded Essociate to develop and provide to customers new and more effective affiliate marketing products and services.

10. As a testament to the innovations of Messrs. Landau and Horowitz, they were issued the ‘660 Patent for the novel affiliate marketing technology they invented.

11. Essociate owns the '660 patent and provides services to many customers throughout the United States based on the technology disclosed in the '660 Patent.

12. Essociate is still owned and controlled by Messrs. Landau and Horowitz.

DEFENDANT'S INFRINGEMENT OF THE '660 PATENT

13. Upon information and belief, Defendant has infringed and continues to infringe the '660 Patent under 35 U.S.C. § 271(a) by making, using, modifying, upgrading, performing quality control, and providing support for its affiliate marketing software and/or hardware and/or other products and/or services provided by means of that software and/or hardware.

14. Upon information and belief, Defendant has also been and is directly infringing the '660 Patent under 35 U.S.C. § 271(a) by selling, offering for sale, and/or importing into the United States affiliate marketing software and/or other products and/or services that infringe one or more claims of the '660 patent.

15. Upon information and belief, Defendant's customers and other users of Defendant's software and other products and the services provided by means of that software and/or hardware and other products, have been and are directly infringing one or more claims of the '660 Patent under 35 U.S.C. § 271(a).

16. Upon information and belief, Defendant has been and is actively inducing infringement of one or more claims of the '660 Patent under 35 U.S.C. § 271(b) by providing to customers, including customers in this judicial district, its affiliate marketing software and other products, as well as services provided by means of its affiliate marketing software and other products, along with instructions and directions that result in the use of the methods, computer programs, and systems disclosed and claimed in the

'660 Patent. On information and belief, Defendant knew, or should have known, that its customers and other users of its services would use Defendant's affiliate marketing software and other products to infringe the '660 Patent and intended such infringement.

17. Upon information and belief, Defendant has been and is contributorily infringing one or more claims of the '660 Patent under 35 U.S.C. § 271(c) by making, selling, and/or offering for sale to customers, including customers in this judicial district, its affiliate marketing software and other products, as well as services provided by means of its affiliate marketing software and other products. Defendant's affiliate marketing software and other products are each a material part of the invention claimed in the '660 patent, are not staple articles or commodities of commerce, and have no substantial non-infringing use. Upon information and belief, Defendant knew, or should have known, that its affiliate marketing software and other products were especially made or adapted for an infringing use.

18. Defendant's infringement, contributory infringement, and inducement to infringe the '660 Patent has been willful and has deliberately injured and will continue to injure Associate unless and until the Court enters a preliminary and permanent injunction prohibiting further infringement and, specifically, enjoining further manufacture, use, importation, sale, and/or offer for sale of products that infringe the '660 Patent.

**CAUSE OF ACTION
INFRINGEMENT OF U.S. PATENT NO. 6,804,660**

19. Defendant has infringed and is infringing the '660 Patent by making, using, offering for sale, and selling in the United States, without authority, products and services that infringe one or more claims of the '660 Patent.

20. Defendant's infringement of the '660 Patent is willful and deliberate, justifying an increase of damages of up to three times under 35 U.S.C. § 284.

21. Defendant's infringement of the '660 Patent is exceptional and entitles Essociate to attorneys' fees and costs incurred in prosecuting this action under 35 U.S.C. § 285.

22. Defendant's acts of infringement have caused damage to Essociate, and Essociate is entitled to recover from Defendant compensation as a result of Defendant's wrongful acts in an amount subject to proof at trial, injunctive relief, and such other relief as may be appropriate.

DEMAND FOR JURY TRIAL
