Civil Case No. _____

JURY TRIAL DEMANDED

COMPLAINT

Plaintiff CeeColor Industries LLC ("Plaintiff"), for its Complaint against Defendant Digi International Inc. ("Defendant"), hereby alleges as follows:

PARTIES

1. Plaintiff is a Delaware limited liability company.
2. Upon information and belief, Defendant is a Delaware corporation having a principal place of business at 11001 Bren Road East, Minnetonka, MN 55343. Upon information and belief, Defendant may be served with process through its registered agent, The Corporation Trust Company, at Corporation Trust Center, 1209 Orange Street, Wilmington, Delaware 19801.

NATURE OF THE ACTION

3. This is a civil action for the infringement of United States Patent No. 6,570,610 (the "'610 Patent") under the Patent Laws of the United States, 35 U.S.C. § 1 *et seq.*

JURISDICTION AND VENUE

4. This Court has jurisdiction over the subject matter of this action pursuant to 28 U.S.C. §§ 1331 and 1338(a) because this action arises under the Patent Laws of the United States, 35 U.S.C. § 271 *et seq.*

5. This Court has personal jurisdiction over Defendant because it is incorporated in Delaware and has purposely availed itself of the privileges and benefits of the laws of the State of Delaware.

6. Upon information and belief, more specifically, Defendant, directly and/or through authorized intermediaries, ships, distributes, offers for sale, sells, and/or advertises its products and services in the United States and the State of Delaware. Upon information and belief, Defendant has committed patent infringement in the State of Delaware. Defendant solicits customers in the State of Delaware. Defendant has many paying customers who are residents of the State of Delaware and who each use Defendant's products and services in the State of Delaware.

7. Venue is proper in this judicial district as to Defendant pursuant to 28 U.S.C. §§ 1391 and 1400(b).

THE PATENT-IN SUIT

8. Paragraphs 1-7 are incorporated by reference as if fully set forth herein.

9. On May 27, 2003, the '610 Patent entitled "Security System With Proximity Sensing For An Electronic Device" was duly and lawfully issued by the United States Patent and Trademark Office ("PTO"). The '610 Patent is attached hereto as Exhibit A.

10. Plaintiff is the exclusive licensee of the '610 Patent and possesses all rights of recovery under the '610 Patent, including the right to sue and recover all damages for infringement thereof, including past infringement.

COUNT I – PATENT INFRINGEMENT

11. Paragraphs 1-10 are incorporated by reference as if fully restated herein.

12. Upon information and belief and in violation of 35 U.S.C. § 271(a), Defendant has infringed and continues to infringe at least Claim 1 of the '610 Patent by making, using, providing, offering to sell, and selling (directly or through intermediaries), in this district and elsewhere in the United States, a security system for an electronic device.

13. More specifically, and by way of non-limiting example, Defendant offers for sale via the www.digi.com website its Watchport/FastAccess Solution (“W/FA”) that secures a computer. For purposes of Claim 1, W/FA is a security system for an electronic device, e.g., a personal computer or laptop. W/FA uses a sensing means (e.g., a camera) to sense when a user is proximate to the computer. W/FA at least partially disables the computer by locking the computer when the sensing means senses that the user is no longer proximate to the computer, e.g., locks the computer when the user steps away. W/FA includes a verifier that accepts input about the user (e.g., inputs via the camera) proximate to the computer and determines if the user is authorized to use the computer. If the verifier determines that the user is authorized, W/FA unlocks the computer to restore full use of the computer for the user, e.g. permitting the user to pick up where he left off.

14. To the extent such notice may be required, Defendant received actual notice of its infringement of the '610 Patent at least as early as the filing of the complaint in this action, pursuant to 35 U.S.C. § 287(a).

15. Defendant's aforesaid activities have been without authority and/or license from Plaintiff.

16. Plaintiff is entitled to recover from the Defendant the damages sustained by Plaintiff as a result of the Defendant's wrongful acts in an amount subject to proof at trial, which, by law, cannot be less than a reasonable royalty, together with interest and costs as fixed by this Court under 35 U.S.C. § 284.

17. Defendant's infringement of Plaintiff's exclusive rights under the '610 Patent will continue to damage Plaintiff, causing irreparable harm for which there is no adequate remedy at law, unless enjoined by this Court.

PRAYER FOR RELIEF

WHEREFORE, Plaintiff CeeColor Industries LLC respectfully requests that this Court enter judgment against Defendant Digi International Inc. as follows:

- A. An adjudication that Defendant has infringed the '610 Patent;
- B. An award of damages to be paid by Defendant adequate to compensate Plaintiff for its past infringement and any continuing or future infringement up until the date such judgment is entered, including interest, costs and disbursements as justified under 35 U.S.C. § 284 and, if necessary, to adequately compensate Plaintiff for Defendant's infringement, and an accounting of all infringing sales including, but not limited to, those sales not presented at trial;

- C. A declaration that this case is exceptional under 35 U.S.C. § 285;
- D. An award to Plaintiff of its attorney fees, costs, and expenses incurred in prosecuting this action; and
- E. An award to Plaintiff of such further relief at law or in equity as the Court deems just and proper.

DEMAND FOR JURY TRIAL

Plaintiff hereby demands trial by jury on all claims and issues so triable.
