BACKGROUND

12. Finacea® (azelaic acid) Gel, 15% is the subject of New Drug Application (“NDA”) No. 21470, which was approved by the FDA. Finacea® is indicated for the topical treatment of inflammatory papules and pustules of mild to moderate rosacea. Bayer HealthCare Pharmaceuticals is the holder of NDA No. 21470.

13. United States Patent No. 6,534,070 (the “070 patent”), entitled “Composition With Azelaic Acid,” was duly and legally issued by the United States Patent and Trademark Office on March 18, 2003. The named inventors are Patrick Franke, Clemens

Gunther and Jutta Riedl. A true and correct copy of the '070 patent is attached to this Complaint as Exhibit A.

14. The '070 patent is listed in the FDA "Orange Book" (*Approved Drug Products With Therapeutic Equivalence Evaluation*) as covering Finacea®.

15. Intracerv is the assignee of the '070 patent.

16. Intendis holds an exclusive license under the '070 patent.

17. Bayer HealthCare Pharmaceuticals is the exclusive distributor of Finacea®.

18. Upon information and belief, Defendant Glenmark Generics Limited submitted ANDA No. 204637 to the FDA, under § 505(j) of the Federal Food, Drug and Cosmetic Act (21 U.S.C. § 355(j)), seeking approval to engage in the commercial manufacture, use, sale, offer for sale and/or importation of a generic Azelaic Acid Gel, 15% formulation (the "ANDA product") based on the Reference Listed Drug ("RLD") Finacea®, before the expiration of the '070 patent.

19. Upon information and belief, ANDA No. 204637 contains a "Paragraph IV" certification under 21 U.S.C. § 355(j)(2)(A)(vii)(IV) alleging that the '070 patent is "invalid and/or will not be infringed."

20. By letter dated January 30, 2013 ("Notice letter"), Defendant Glenmark Generics Inc., USA informed Plaintiffs Intendis and Bayer HealthCare Pharmaceuticals, and "Bayer HealthCare (Dermatology)," that an ANDA had been filed with the FDA and alleged that the ANDA product would not infringe any claims of the '070 patent.

COUNT I
(INFRINGEMENT OF U.S. PATENT 6,534,070 BY DEFENDANTS)

21. Plaintiffs expressly incorporate by reference paragraphs 1 through 20, inclusive, as if fully set forth herein.

22. Defendants' submission of ANDA No. 204637 for the purpose of obtaining approval to engage in the commercial manufacture, use, offer for sale, sale and/or importation into the United States of the ANDA product is an act of infringement of one or more claims of the '070 patent under the United States Patent Law, 35 U.S.C. § 271(e)(2)(A).

23. Upon information and belief, the commercial manufacture, use, offer for sale, sale and/or importation into the United States of the ANDA product would infringe one or more claims of the '070 patent.

24. Upon information and belief, Defendants will engage in the commercial manufacture, use, offer for sale, sale and/or importation of the ANDA product immediately and imminently upon any approval of ANDA No. 204637.

25. Acts of infringement by Defendants will cause Plaintiffs irreparable harm for which they have no adequate remedy at law and will continue unless enjoined by the Court.

PRAYER FOR RELIEF

WHEREFORE, Plaintiffs request the Court to enter judgment in their favor and grant the following relief:

(a) A judgment that Defendants have directly infringed one or more claims of the '070 patent by filing ANDA No. 204637;

(b) A judgment that Defendants' making, using, selling, offering for sale and/or importing into the United States the ANDA product would infringe one or more claims of the '070 patent;

(c) A judgment, pursuant to 35 U.S.C. § 271(e)(4)(A), that the effective date of any approval of ANDA No. 204637, under § 505(j) of the Federal Food, Drug and Cosmetic Act (21 U.S.C. § 355(j)), is to be a date not earlier than the date of expiration of the '070 patent;

(d) A judgment and order permanently restraining and enjoining Defendants and their directors, officers, agents, servants, employees, attorneys, parents, subsidiaries, divisions, affiliate corporations, other related business entities, and all persons in active concert or privity with them, and their successors and assigns, from infringing any claims of the '070 patent by making, using, selling, offering for sale and/or importing the ANDA product in the United States;

(e) A finding that this case is exceptional under 35 U.S.C. § 285, warranting an award to Plaintiffs of their costs, including attorneys' fees and other expenses incurred in connection with this action; and

(f) Such further relief as this Court deems just and appropriate.
