COUNT I

INFRINGEMENT OF THE '167 PATENT

13. Beacon incorporates each of the preceding paragraphs 1-12 as if fully set forth herein.

14. Fuji, Fuji Heavy Industries, and Subaru have been and are infringing literally and/or under the doctrine of equivalents, directly, contributorily, or by inducement, at least claims 1 and 32 of the '167 patent.

15. Fuji, Fuji Heavy Industries, and Subaru directly infringe, in violation of 35 U.S.C. § 271(a), by making, using, selling, offering for sale, and/or importing in or into the United States, without authority, products that practice the '167 patent, including but not limited to the Subaru Impreza.

16. Upon information and belief, Fuji, Fuji Heavy Industries, and Subaru had knowledge of the '167 patent based on a letter sent to each of them on September 28, 2011.

17. Upon information and belief, Fuji, Fuji Heavy Industries, and Subaru have contributed to direct infringement of the '167 patent by others (e.g., consumers), in violation of 35 U.S.C. § 271(b), because the GPS navigation systems in their products, including but not limited to the Subaru Impreza, are specially adapted for an infringing use of the '167 patent,

embody a material part of the inventions claimed in the '167 patent, and are not staple articles of commerce suitable for substantial non-infringing use.

18. Upon information and belief, Fuji, Fuji Heavy Industries, and Subaru actively induce others (e.g., consumers) to directly infringe the '167 patent, in violation of 35 U.S.C. § 271(c), by providing products with GPS navigation systems, including but not limited to the Subaru Impreza, along with instructions, user manuals, or technical assistance actively directing, encouraging, or assisting infringement of the '167 patent, and/or by providing a system where one of the core and common features leads to third party infringement of the '167 patent.

19. Upon information and belief, Fuji, Fuji Heavy Industries, and Subaru had knowledge of the '167 patent based on a letter sent to each of them on September 28, 2011 but have engaged in infringing conduct nonetheless. Fuji, Fuji Heavy Industries, and Subaru's infringement is willful.

20. Beacon has no adequate remedy at law against these acts of patent infringement. Unless Fuji, Fuji Heavy Industries, and Subaru are permanently enjoined from further infringement of the '167 patent, Beacon will suffer irreparable harm.

21. As a direct and proximate result of the acts of patent infringement by Fuji, Fuji Heavy Industries, and Subaru, Beacon has been damaged in an amount not presently known.

22. Beacon has incurred and will incur attorneys' fees, costs, and expenses in the prosecution of this action. The circumstances of this dispute create an exceptional case within the meaning of 35 U.S.C. § 285, and Beacon is entitled to recover its reasonable and necessary fees and expenses.
